

**JORDAN REPORT
ON THE APPLICATION OF THE 1960 CONVENTION AND RECOMMENDATION
AGAINST DISCRIMINATION IN EDUCATION**

The 11th Consultation

Combating discrimination in education

GENERAL INFORMATION:

Country name: **Jordan**

Organization or entity responsible for the preparation of the report: **Jordan National Commission for Education, Culture and Science**

Name of contact person: **Ibtisam Ayoub/Secretary General of Jordan National Commission for Education, Culture and Science**

Email and telephone number of contact person: **ayoubibtisam@yahoo.com / jounesco@moej.edi.jo
, +962777309877**

I. Ratification and applicability of the Convention against Discrimination in Education¹

- Is your country a State Party to the Convention?

☒ Yes

☐ No: Does your country plan to ratify this instrument?

☒ Yes: Please indicate the stage of ratification process reached by your country and whether assistance is needed:

☐ There is interest but no concrete action has been taken

☐ The ratification process has been initiated

☐ The ratification process is close to completion

- Please briefly explain the steps that have been taken and timeline when relevant, any difficulties encountered (legal, institutional, political or practical) in completing the ratification process. And how UNESCO can assist:

☒ No, not considering ratification. Please explain why:

¹ <https://www.unesco.org/en/legal-affairs/convention-against-discrimination-education>

- Is the Convention directly applicable in your country's domestic law?

✓ Yes ☐ No

- Have courts, tribunals and/or administrative authorities adjudicated on issues or violations regarding the right to education?²

☐ No

☐ Yes: Have the provisions of the Convention been invoked?

☐ Yes ☐ No

- Please cite the case law and jurisprudence.

Information could also be given about the judicial, administrative and other competent authorities having jurisdiction with respect to the right to education.

II. Information on the implementation of the Convention or Recommendation in the context of Sustainable Development Goal 4 (SDG4)

1. Towards an inclusive non-discriminatory education system

For reference: This section relates to the main purpose of the Convention/Recommendation that is to underscore the state obligation to proscribe any form of discrimination in education while promoting equality of educational opportunity as laid out in Articles/Paragraphs 1(1), 2 and 3 of the Convention/Recommendation.

*It further corresponds to the overall aspiration of SDG4 which aims to “**ensure inclusive and equitable quality education and promote lifelong learning opportunities for all**” by 2030. While it covers all the SDG4 targets, it also specifically covers SDG target 4.5.³*

- Please indicate whether the rights and principles laid out in the Convention/Recommendation informed the elaboration of the education legal and/or policy framework:

✓ Yes ☐ No

- If yes, please provide reference:

The Ministry of Education Law No. 3/1994 and its amendments is in line with the provisions of the Convention/Recommendation.

² Judicial mechanisms play an important role in enforcing the right to education by ensuring legal accountability and therefore contributing to the practical realization of the right to education.

³ Which calls on states to “eliminate gender disparities in education and ensure equal access to all levels of education and vocational training for the vulnerable, including persons with disabilities, indigenous peoples and children in vulnerable situations”.

1.1 Non-discrimination and equality in education

- Please indicate measures adopted to both prevent and eliminate discrimination in education within the meaning of the Convention/Recommendation⁴, and ensure equal access to all levels and types of education (please tick all that apply):

For reference: This notably is covered under SDG target 4.1 and partly target 4.b⁵

☐ Legal texts⁶ prohibit discrimination and guarantee equal access to education:

- ✓ In pre-primary education (including early learning and care)
- ✓ In primary education
- ✓ In secondary education
- ✓ In technical and vocational education and training
- ✓ In higher education
- ✓ In adult education and alternative learning

- Please indicate the relevant legal provisions:

On the national level, Article 6 of the Jordanian Constitution of 1952, in its third paragraph, assured that "The State shall ensure work and education within the limits of its possibilities, and shall ensure tranquillity and equal opportunities to all Jordanians." Articles 19 and 20 of the Constitution also addressed the right of citizens to education. As article 19 affirms that "Congregations shall have the right to establish and maintain their own schools for the education of their own members provided that they comply with the general provisions of the law and be subject to the control of Government in matters relating to their curricula and orientation." As for Article 20, it states that "Elementary education shall be compulsory for Jordanians and free of charge in Government schools."

In light of the resolutions of the First Educational Conference (September 1987), "Basic education shall be compulsory and free of charge in Government schools" according to Article 5 of the Education Law No. 3/1994 and its amendments, knowing that the basic education stage extends from the first grade to the tenth grade.

According to the fifth article of the law, the principles of educational policy are represented in "directing the educational system to be more compatible with the needs of the individual and society, and establishing a balance between them", emphasizing the importance of political education in the educational system, and consolidating the principles of participation, justice and democracy and their practice", directing the educational process to develop the citizen's ability to analyse, criticize, initiate creativity, positive dialogue, and the promotion of values derived from Arab Islamic civilization.

The Law also stated the strengthening of the relationship between the educational institution and its local community by establishing local councils for schools and parents-teachers councils, and simulating activities related to community service and volunteer work, and that the Jordanian people

⁴ See: Article/Paragraph 1(1).

⁵ Which calls on states to "substantially expand globally the number of scholarships available [...] for enrolment in higher education, including vocational training and information and communications technology, technical, engineering and scientific programmes".

⁶ Constitution, laws, decrees, regulations, circulars, etc.

are an integrated unit, and that there is no place for racial, regional, sectarian, tribal, or familial intolerance.

As education is a social necessity, and it is a right for all, each according to their abilities and self-capabilities, with affirming the importance of political education in the educational system, and establishing the principles of participation, justice and democracy, and practicing them.

- Please, list the prohibited grounds of discrimination in education as laid out in legal texts:

Article 6 of the Jordanian Constitution of 1952, in its third paragraph, assured that "The State shall ensure work and education within the limits of its possibilities, and shall ensure tranquillity and equal opportunities to all Jordanians."

Articles 19 affirms that "Congregations shall have the right to establish and maintain their own schools for the education of their own members provided that they comply with the general provisions of the law and be subject to the control of Government in matters relating to their curricula and orientation."

Article 20 states that "Elementary education shall be compulsory for Jordanians and free of charge in Government schools."

☐ Policies, programmes and initiatives aim to prohibit and prevent discrimination and ensure equal access to education

- ✓ In pre-primary education (including early learning and care)
- ✓ In primary education
- ✓ In secondary education
- ✓ In technical and vocational education and training
- ✓ In higher education
- ✓ In adult education and alternative learning

- Please, provide details:

Article 6 of the Jordanian Constitution of 1952, in its third paragraph, assured that "The State shall ensure work and education within the limits of its possibilities, and shall ensure tranquillity and equal opportunities to all Jordanians."

The Ministry of Education adopted many initiatives through its gender quality mainstreaming strategies 2018-2024 and the action plan like:

- Developing training program for teachers entitled "Integrate equity and equality concept in education and school environment", and it is one of the adopted programs in profession career pathways and ranks.
- Working on gender responsive budget programs at the Ministry of Education to ensure that the distribution of the budget is done according to the needs of the students, males and females.

☐ Combatting discrimination in terms of curriculum:

- ✓ In pre-primary education (including early learning and care)
- ✓ In primary education
- ✓ In secondary education
- ✓ In technical and vocational education and training
- ✓ In higher education
- ✓ In adult education and alternative learning

- Please, provide details:

The school curricula at all levels of basic and secondary education emphasize combating discrimination in education. There are school subjects such as social studies, national and civic education, the Arabic language, Arabic is my language, and Islamic education that include lessons on the culture of the respect of others, For example:

- First grade/Part two/Arabic language: The cover of the student's book included a picture of a number of students, of different genders, including students with disabilities and different origins.
- Tenth grade/Part One/Arabic is my language: The student's book included a lesson, "The culture of dealing with others", which refers to respecting the others.
- Fourth grade/First semester/Islamic education: Treating people well regardless of their ages and conditions.

The frameworks:

Social studies framework focused on various axes aimed at combating discrimination, including the axis of human values and morals.

The Arabic language framework focus on many axes that combat discrimination, including the axis of children's rights.

A task force team was composed, in partnership with the National Center for Curricula Developments, to guarantee gender mainstreaming in curricula and textbooks, and a gender analysis tool was developed to evaluate the curricula and textbooks from gender perspective. The team applied this tool on (276) developed books.

☐ Other measures adopted to both prevent and eliminate discrimination in education and ensure equal access to all levels and types of education:

Updating the curricula of the professional disciplines in line with the BTEC programme and are gender sensitive.

Raising awareness workshops targeted all position levels at the ministry including leadership positions and mid-level positions, supervisors and teachers councilors.

Integrating gender equality in inclusive education for marginalized groups included disabilities.

1.2 Equality of opportunities and inclusion in education

- Please indicate the actions taken/planned to ensure equality of opportunities (in terms of access, participation and completion), equal treatment and to support the inclusion of all learners in learning processes (*several items may be ticked*):

General measures:

- | | |
|--|---|
| ✓ Legislation provides for inclusive education for all | ✓ Multiple and flexible learning pathways ⁸ are provided for |
| ✓ Policy measures aim to enhance inclusion in education for all | ✓ Curricula and teaching methods are inclusive in design ⁹ |
| ✓ Teachers are trained on inclusive education ⁷ and to value diversity | ✓ Multilingual and intercultural education is supported |
| ✓ Initiatives to address discrimination and promote cultural diversity and mutual acceptance | |

☐ Other:

- Setting and adopting quality standards in vocational schools.
- Increasing the number of vocational education specializations for males and females.

- Please elaborate and, where appropriate, indicate the legal and policy measures taken:

- In general, what challenges were encountered in the implementation of non-discrimination and equal opportunities principles in education? If needed, brief quantitative information may be added.

The lack of sufficient financial allocations to establish and create vocational schools due to the high costs of establishing and creating vocational schools compared to basic schools, which limits the inscription of students wishing to pursue vocational education in the required number.

Other relevant general measures, including gender equality

⁷ Teachers are prepared to teach all student (beyond just students with disabilities), equipping them with knowledge, values and attitudes that permit every student to succeed. See: [UNESCO policy paper](#): Inclusive teaching: preparing all teachers to teach all students, 2020, p.14.

⁸ Multiple and flexible learning pathways are 'entry points and re-entry points at all ages and all educational levels, strengthened links between formal and non-formal structures, and recognition, validation and accreditation of the knowledge, skills and competencies acquired through nonformal and informal education' ([Education 2030 Framework for Action](#), para. 33). This may include student transfers between courses and institutions and diverse learning modalities (online, in-person, full-time, part-time, etc.) to respond to individual needs and interests.

⁹ In designing the curricula and teaching methods, care is given to ensure that all students are provided with an inclusive and supportive learning experience that offers them the opportunity to succeed whatever their background.

- ✓ Legislation provides for gender equality in education
- ✓ Policy measures aim to enhance gender equality
 - ✓ Gender-responsive education sector planning is undertaken
 - ✓ Providing positive or affirmative action measures
 - ✓ Providing financial incentives and fellowships
 - ✓ Teachers are trained (initial and in-service) on gender equality
 - ✓ Teachers are trained to combat stigmatisation¹⁰
- ✓ All barriers for pregnant girls and young mothers in education are eliminated to ensure the continuity of their education
- ✓ Re-entry programmes for young mothers are provided for
- ✓ Ensuring safe and adequate gender-sensitive sanitation facilities¹¹
- ✓ Curricula are rid of all stereotypes¹² and bias
- ✓ Ensuring gender parity in science, technology, engineering and mathematics (STEM)
- ✓ Ensuring gender parity in technical and vocational training education and training (TVET)

☐ Other:

- Please, elaborate and, where appropriate, indicate the legal and policy measures taken:

- What challenges were encountered in achieving gender equality in and through education? If needed, brief quantitative information may be added.

The lack of sufficient agreements with private institutions to receive vocational education students for training. The inability to create some specializations in some education directorates due to the lack of appropriate infrastructure, and sometimes the distance of schools from student housing, and the difficult economic conditions prevent enrollment in vocational education.

- Does the legal minimum age for marriage conform to international standards (18 years) ¹³:

¹⁰ ‘ Stigmatisation is the act of treating someone or something unfairly by publicly disapproving of them’ (Cambridge Dictionary).

¹¹ ‘ Gender-sensitive sanitation includes clean, safe and separate toilets, with access to water and garbage disposal’ ([UNGEI blog post](#), Gender-sensitive sanitation, 2018)

¹² Stereotype is a set idea that people have about what someone or something is like, especially an idea that is wrong’ (Cambridge Dictionary).

¹³ Please note that according to the Joint general recommendation No. 31 of the Committee on the Elimination of Discrimination against Women/general comment No. 18 of the Committee on the Rights of the Child on harmful practice, para. 20: “a marriage of a mature, capable child below 18 years of age may be allowed in exceptional circumstances, provided that the child is at least 16 years of age and that such decisions are made by a judge based on legitimate exceptional grounds defined by law and on the evidence of maturity, without deference to culture and tradition.”

Please note that child marriage is a discriminatory practice as often girls can marry at a younger age than boys. Child marriage violates the child's right to education as they are more likely to drop out of school and children who are not in school are more likely to get married.

✓ Yes ☐ No

- Please, provide reference to the relevant laws and provisions and indicate the exceptions to the legal age of marriage as well as the absolute minimum age:

First: Article (10) of Personal Status Law No. 15 of 2019 states:

- A. The eligibility of marriage requires that both the male and female fiancé are sane, and have completed eighteen years of age.
- B. Notwithstanding what is stated in paragraph (A) of this Article, a judge may, with the approval of the Supreme Judge, authorize in special cases, the marriage of a person who has completed fifteen years of age in accordance with instructions issued for this purpose if this is necessary for welfare. Accordingly, whoever marries acquires complete eligibility in all matters related to marriage and annulment and their related consequences.

National minorities:

For reference: Article/Paragraph 5(1)(c) of the Convention/Recommendation provides for the rights of national minorities.

- | | |
|--|---|
| ☐ Legislation provides for the right to education of national minorities | ☐ Teachers are trained on intercultural education |
| ✓ Policy measures aim to enhance the right to education of national minorities | ☐ Teachers are trained to combat stigmatisation ¹⁵ |
| ☐ Policy elaboration includes consultations with local communities | o Multilingual and intercultural education are supported |
| ☐ The right to carry out their own educational activities is legally guaranteed for national minorities | o Native language instruction is ensured for national minorities |
| ☐ Educational standards are established for educational institutions run by national minorities | o Adapting curricula and teaching and learning methods to their needs for national minorities |
| ☐ Positive or affirmative action measures are provided for national minorities | ☐ Curricula are rid of all stereotypes ¹⁶ and bias |
| ☐ Financial incentives and fellowships are provided for national minorities | |
| ☐ Other ¹⁴ : | |

¹⁴ Please see: [UNESCO report](#) 'The right to education of minorities: Overview of States' measures reported in the 10th Consultation on the 1960 Convention and Recommendation against Discrimination in Education, 2023.

¹⁵ Supra note 15.

¹⁶ Supra note 16.

- Please elaborate and, where appropriate, indicate the legal and policy measures taken:

- What challenges were encountered in realizing the right to education of minorities? If needed, brief quantitative information may be added.

Indigenous people:

- | | |
|--|--|
| ☐ Legislation provides for the right to education of indigenous people | ☐ Financial incentives and fellowships are provided for indigenous people |
| ☐ Policy measures aim to enhance the right to education of indigenous people | ☐ Teachers are trained on intercultural education |
| ☐ Policy elaboration includes consultations with local communities | ☐ Teachers are trained to combat stigmatisation ¹⁷ |
| ☐ The right to carry out their own educational activities is legally guaranteed for indigenous people | ☐ Multilingual and intercultural education are supported |
| ☐ Educational standards are established for educational institutions run by indigenous people | ☐ Native language instruction is ensured |
| ☐ Positive or affirmative action measures are provided for indigenous people | ☐ Adapting curricula and teaching and learning methods to their needs for indigenous people |
| ☐ Other: | ☐ Curricula are rid of all stereotypes ¹⁸ and bias |

- Please elaborate and, where appropriate, indicate the legal and policy measures taken:

- What challenges were encountered in realizing the right to education of indigenous people? If needed, brief quantitative information may be added.

¹⁷ Supra note 15.
¹⁸ Supra note 16.

People on the move (migrants, refugees, asylum-seekers, stateless persons and internally displaced persons) and trapped populations¹⁹:

- ✓ Legislation provides for their right to education
- ✓ Policy measures aim to enhance their right to education
- ✓ Inclusion in mainstream schools is ensured
- ✓ Positive or affirmative action measures are provided for
- ✓ All administrative barriers to access education are removed
- ✓ Alternative administrative procedures (placement tests, portfolio of evidence, etc.) to overcome administrative barriers²⁰ are provided for
- ✓ Teachers are specifically trained to ensure their inclusion
- ✓ Teachers are trained to combat stigmatisation²¹
- ✓ Other:
- ✓ Financial incentives and fellowships are provided for
- ✓ Auxiliary assistance is provided
- ✓ Multiple and flexible learning pathways²² are provided
- ✓ Curricula are rid of all stereotypes²³ and bias
- ✓ Accelerated learning programmes are provided
- ✓ Non-formal and/or alternative education programmes are provided
- ✓ Language classes to newcomers are provided for
- ✓ Multilingualism and intercultural education are encouraged

The Education Law No. 3/1994 and its amendments also stated the strengthening of the relationship between the educational institution and its local community by establishing local councils for schools and parents-teachers councils, and simulating activities related to community service and volunteer work, and that the Jordanian people are an integrated unit, and that there is no place for racial, regional, sectarian, tribal, or familial intolerance.

As education is a social necessity, and it is a right for all, each according to their abilities and self-capabilities, with affirming the importance of political education in the educational system, and establishing the principles of participation, justice and democracy, and practicing them.

- Please, elaborate and, where appropriate, indicate the legal and policy measures taken:

Jordan Response Plan for the Syrian Crisis: The National Response Plan is compatible and complementary to national plans, and is in line with the Sustainable Development Goals and the Global Compact for Refugees, while continuing to follow the resilience-building approach that addresses the humanitarian and developmental aspects of each sector.

- Have specific measures been adopted for climate displaced persons?

¹⁹ 'Trapped populations are those who are unable to migrate to safe locations and remain trapped in locations vulnerable to the impacts of climate hazards' ([UNESCO report](#): The impact of climate displacement on the right to education, 2020, p. 2).

²⁰ While lack of documentation (such as identity papers, birth certificates, residency permits, etc.) should not be an obstacle to access education, these can constitute a barrier to education See: [UNESCO publication](#): Handbook on the right to education, 2018, p. 96.

²¹ Supra note 15.

²² Supra note 13

²³ Supra note 16.

☐ Yes ☐ No

- Please, elaborate:

- What challenges were encountered in realizing the right to education of migrants, refugees, asylum seekers, stateless persons and IDPs? If needed, brief quantitative information may be added.

People with disabilities:

- | | |
|---|--|
| ✓ Legislation provides for their right to education | ✓ Mainstream teachers are specifically trained on disabilities |
| ✓ Policy measures aim to enhance their right to education | ✓ Teachers are trained to combat stigmatisation ²⁴ |
| ✓ Inclusion in mainstream schools is ensured | ✓ Auxiliary assistance is provided |
| ✓ Special schools are used as resource centers to inclusive schools | ✓ Curricula and teaching and learning methods are adapted |
| ✓ Positive or affirmative action measures are provided | ✓ Curricula are rid of all stereotypes ²⁵ and bias |
| ✓ Financial incentives and fellowships are provided | ✓ Education infrastructure and learning materials are adapted |
| ☐ Other | |

- Please elaborate and, where appropriate, indicate the legal and policy measures taken:

Students with disabilities were given the opportunity to enroll in vocational education and a training material was approved to train vocational education teachers on the foundations and methods of integrating students with disabilities into vocational education. 500 male and female teachers and principals were trained on methods of dealing with people with disabilities in vocational schools and 10 vocational schools were equipped to receive students with disabilities.

Work is underway to integrate people with disabilities in stages in all schools, and strategic plans have been prepared to expand their integration.

- What challenges were encountered in realizing the right to education of people with disabilities? If needed, brief quantitative information may be added.

Not all schools are ready for the time being to be inclusive schools.

²⁴ Supra note 15.

²⁵ Supra note 16.

Students from poor households:

- | | |
|---|---|
| ☐ Financial incentives and fellowships for school enrolment are provided | ✓ Teachers are trained to combat stigmatisation ²⁶ |
| ✓ Transport, meals and education material are subsidised or provided free of charge beyond compulsory education | ✓ Curricula are rid of all stereotypes ²⁷ and bias |
| ✓ Positive or affirmative action measures are provided | |
| ☐ Other: | |

Education is free of charge for all students in public schools.

- Please elaborate and, where appropriate, indicate the legal and policy measures taken:

- What challenges were encountered in realizing the right to education of students from poor households? If needed, brief quantitative information may be added.

2. Progress made with respect to implementing the right to education across all levels and forms of education

2.1 Early childhood care and education

For reference: Early childhood care and education (ECCE) is not explicitly provided for in the Convention/Recommendation. However, the international community has increasingly recognized the importance of ECCE over the years. The Committee on the Rights of the Child initially recognized “the right to education during early childhood as beginning at birth” (General Comment No. 7). This became more explicit with the 2010 Moscow Framework for Action and Cooperation²⁸ and more recently, the Tashkent Declaration and Commitments to Action for Transforming Early Childhood Care and Education²⁹. In the current context of the Education 2030 agenda, under SDG target 4.2, states have now committed to “the provision of at least one year of free and compulsory pre-primary education”.

- Please indicate the measures taken to ensure access to quality ECCE (several items may be ticked):

- | | |
|--|---|
| ✓ Prior to pre-primary education, ECCE services are free | ✓ ECCE services respect a child’s need for early cognitive and social development, foundational learning, responsive care, nutrition, health, safety, protection, and play. |
| ✓ Prior to pre-primary education, ECCE services are affordable | |

²⁶ Supra note 15.

²⁷ Supra note 16.

²⁸ Which states that “ECCE is part of the right to education and the main foundation for holistic human development”.

²⁹ Which commits states to “Enhance policy and legal frameworks to ensure that the right to education includes ECCE”

- ✓ ECCE services are accessible on a non-discriminatory basis

- Please, elaborate further on the measures taken:

pre-primary education is available in the most of the public schools in addition all private schools.

- Is compulsory and free of charge pre-primary education available?

No, it is not compulsory but it is free of charge in public schools

- ☐ Pre-primary education is compulsory. Please provide the age of enrolment and duration:

- ✓ Pre-primary education is **not** compulsory.

- ☐ Pre-primary education is free of charge for all. Please provide the duration and indicate the extent to which it is free:

Pre-primary education is available in the most of the public schools and it is free of charge. While in private schools it available but it is paid.

- ☐ Pre-primary education is **not** free.

- Please, list the relevant laws and policies. Where applicable, provide information on the direct costs (e.g., enrolment fees and tuition fees) and indirect costs (e.g., schools supplies, uniforms, transport and compulsory levies on parents). Brief quantitative information may be added.

- What challenges were encountered in realizing early childhood care and education and pre-primary education?

- | | |
|---|---|
| ✓ Limited access | ☐ Poor learning outcomes |
| ☐ Issues of equity and inclusion | ☐ Low number of professionally trained educators |
| ☐ Poor quality programmes | ☐ Lack of support to families |
| ☐ Other: | |

- Please, elaborate. Brief quantitative information may be added.

2.2 Primary and secondary education

For reference: Article/Paragraph 4(a) of the Convention/Recommendation provides for universal primary and secondary education. In the context of the Education 2030 agenda, SDG target 4.1 calls on States to provide “12 years of free, publicly funded, inclusive, equitable, quality primary and secondary education – of which at least nine years are compulsory.”

Primary education

- Please provide the age of enrolment and duration of primary education:

The age of enrolment is 6 years as for the duration of primary education it worth mentioning that the scholar system in Jordan is divided to the basic education (from 1st grade to 10th grade) and secondary education.

- Is primary education compulsory and free of charge?

- ☒ Primary education is compulsory
- ☐ Primary education is **not** compulsory.
- ☒ Primary education is free of charge.
- ☐ Primary education is **not** free.

- Please, list the relevant laws and policies. Where applicable, provide information on the direct costs (e.g., enrolment fees and tuition fees) and indirect costs (e.g., exam fees, schools supplies, uniforms, transport and compulsory levies on parents). Brief quantitative information may be added.

In public schools, education is free of charge while in private schools it is not.

- What challenges were encountered in realizing primary education?

- | | |
|---|--|
| ☐ Limited access | ☐ Poor learning outcomes in: |
| ☐ Issues of equity and inclusion | Foundation literacy, Numeracy |
| ☐ High dropout rates | Social and emotional learning |
| ☐ Poor quality programmes | Others |
| ☐ Other: | ☐ Disparity in learning outcomes |
| | ☐ Low number of professionally trained teachers |

- Please elaborate. Brief quantitative information may be added.

Secondary education

In this part, please provide information on the general availability and accessibility to all of secondary education, including technical and vocational secondary education and training.

- Please, provide the age of enrolment and duration of lower secondary education:

The scholar system in Jordan is divided to the basic education (from 1st grade to 10th grade) and secondary education (11 AND 12).

- Please, provide the age of enrolment and duration of upper secondary education:

- Secondary Education: Two years (first Secondary & Second Secondary classes).
- Secondary education in Jordan lasts for two years and serves age groups between 16 and 18 years.

- Is lower and upper secondary education compulsory and free of charge?

✓ Lower secondary education is compulsory.

☐ Lower secondary education is **not** compulsory.

✓ Lower secondary education is free of charge.

☐ Lower secondary education is **not** free of charge.

☐ Upper secondary education is compulsory.

✓ Upper secondary education is **not** compulsory.

✓ Upper secondary education is free of charge.

☐ Upper secondary education is **not** free of charge.

- Please list the relevant laws and policies. Where applicable, provide information on the direct costs (e.g., enrolment fees and tuition fees) and indirect costs (e.g., exam fees, schools supplies, uniforms, transport and compulsory levies on parents). Brief quantitative information may be added.

- Education Law No. (3) of 1994 and its amendments

Article (7): a. Educational institutions are classified according to their stages into the following types:

3- Secondary education for two years.

Article (11) of secondary education:

A- Secondary education is an education that students enroll in according to their capabilities and inclinations and that provides specialized cultural, scientific and professional experiences that meet the needs of the existing or expected Jordanian society at a level that helps the student to continue higher education or join work fields.

- Approval of the system for distributing students after the ninth grade, so that the number of years of study in vocational education will be 3 years -vocational education.

- Please, indicate whether the legal minimum age for employment is aligned with the end of compulsory education:

For reference: The employment laws and those related to compulsory education are interdependent and mutually reinforce each other. If the minimum age of employment is below that of compulsory education, the child is at risk of dropping out of school to work and therefore not completing compulsory education. On the other hand, if compulsory education is lower than the minimum age of employment, once the child has completed compulsory education, the door is open to child exploitation and the violation of labour laws.

☐ Yes

☐ No

- Please, provide reference to the relevant laws and provisions and indicate how the provision is enforced:

Minimum Age Convention, 1973 (No. 138):

3. Notwithstanding the provisions of paragraph 1 of this Article, national laws or regulations or the competent authority may, after consultation with the organisations of employers and workers concerned, where such exist, authorise employment or work as from the age of 16 years on condition that the health, safety and morals of the young persons concerned are fully protected and that the young persons have received adequate specific instruction or vocational training in the relevant branch of activity.

- What challenges were encountered in realizing secondary education?

☐ Limited access

☐ Poor learning outcomes

☐ Issues of equity and inclusion

☐ Low readiness of primary graduates

☐ High dropout rates

☐ Low number of professionally trained teachers

☐ Poor quality programmes

☐ Other:

The lack of sufficient schools to attract students for three years instead of two, which contributed to the inability to accept all students wishing to join vocational education, in addition to the lack of a sufficient number of experienced teachers for the BTEC programme in all specializations.

- Please elaborate. Brief quantitative information may be added.

2.3 Higher education

For reference: Article/Paragraph 4(a) of the Convention/Recommendation provides for higher education. Ensuring higher education is essential to achieve SDG4, both targets 4.3³⁰, and target 4.4³¹. Article 4 of the Convention requires states to make “higher education equally accessible to all on the basis of individual capacity”. Article 13 of the International Covenant on Economic, Social and Cultural Rights (1966) further adds that this should be pursued by “every appropriate means, and in particular by the progressive introduction of free education”. Higher education includes technical and vocational education and training.

- Please indicate efforts made to ensure that higher education, including technical, vocation education and training, is equally accessible to all on the basis of individual capacity and/or is available free of charge (*several items may be ticked*):

- ☐ Higher education is free of charge
- ☐ Higher education is accessible on the basis of individual capacity (as assessed by reference to relevant qualifications and experience)
 - ✓ Higher education is accessible through financial incentives and scholarships
 - ✓ Higher education is accessible through positive or affirmative action measures
 - ✓ Higher education is accessible through credit transfer system between states
- ☐ Higher education allows for multiple and flexible learning pathways (flexible entry and re-entry, recognition, validation, and accreditation of knowledge and skills acquired through non-formal and informal education).
- ☐ Other:

- Please, list the relevant laws and policies. Where applicable, provide information on the direct costs (e.g., enrolment fees and tuition fees) and indirect costs (e.g., exam fees, university supplies, transport, accommodation). Brief quantitative information may be added.

- What challenges were encountered in realizing higher education?

- | | |
|---|---|
| ☐ Limited access | ☐ Low number of professionally trained professors |
| ☐ Issues of equity and inclusion | ☐ Insufficient mechanisms to ensure smooth transition from secondary to tertiary |
| ☐ Poor quality programmes | |
| ☐ Poor learning outcomes | |
| ☐ Other: | |

³⁰ Which calls on states to “ensure equal access for all women and men to affordable and quality technical, vocational and tertiary education, including university”.

³¹ Which recommends to “substantially increase the number of youth and adults who have relevant skills, including technical and vocational skills, for employment, decent jobs and entrepreneurship”.

- Please elaborate. Brief quantitative information may be added.

--

2.4 Adult education and alternative learning

For reference: Article/Paragraph 4(c) of the Convention/Recommendation provides for adult education and alternative learning. While SDG4 aims to “ensure inclusive and equitable quality education and promote lifelong learning opportunities for all”, target 4.6 specifically calls on states to “ensure that all youth and a substantial proportion of adults, both men and women, achieve literacy and numeracy”. Furthermore, under target 4.4, states are called “to increase and diversify learning opportunities, using a wide range of education and training modalities, so that all youth and adults, especially girls and women, can acquire relevant knowledge, skills and competencies for decent work and life.”

- Please indicate the measures taken to establish a system of continuing education and equitable access to learning and training opportunities (*several items may be ticked*):

- ✓ Provision of education for persons who have not received or completed the whole period of their primary education
- ✓ Provision of literacy programmes
- ✓ Provision of continuous learning (such as learning programmes to develop knowledge, skills, abilities, or competencies for personal and professional development)
- ✓ Provision of free of charge learning opportunities
- ✓ Provision of professional training including reskilling and upskilling programmes
- ✓ Recognition, validation and certification of non-formal and informal learning
- ✓ Provision of free of charge career guidance and counselling
- ✓ Lifelong learning entitlements including learning accounts, vouchers, etc.

☐ Other:

The Ministry of Education in Jordan provides multiple non-formal education programs that include and covers all segments of the community of school-age who are outside the formal education system, as well as everyone who can complete academic education, as the ministry provides a set of programs as follows:

1. Adult Education and Literacy Program:

Where this program targets all males and females over the age of 15 years, regardless of their nationality and they are not good at reading and writing, as they are targeted through this program and providing them with reading, writing, numeracy, life skills, computer skills and English language during a time period of (4) years and in two stages (Beginners and followers), and the graduate acquires a certified official certificate equivalent to the sixth grade of basic knowledge, note that this program is free and the applicant does not bear any financial fees.

2. Culture Promotion Program for dropouts:

This program targets children who drop out of the educational system who are in the age group (13-18) male and (13-20) female regardless of nationality, and the program consists of three episodes, each episode consists of two levels and the duration of each episode (8) months and is acquired The enrolled reading, writing, numeracy and life skills skills in addition to applying many extracurricular activities and after graduation the student gets a graduation document equivalent to the tenth grade and qualifies the graduate to join the vocational training institution in the skilled worker program (the program requires that the enrolled obtain a tenth grade certificate at least).

3. Evening Studies Program:

This program provides an opportunity for enrolled students to complete their self-studies, from the seventh grade to the second year of the secondary, through providing final exams and through their dependence on their own abilities and this program is suitable for young and old working people so that they can pursue their academic studies without having to leave their jobs or jobs.

4. Evening studies program at the correction and rehabilitation centres:

Where educational programs are provided to the inmates of the correction and rehabilitation centres, and they can continue their academic studies and obtain a high school diploma or academic certificates without noting that they have received their education in prisons.

5. The catch up program:

It is an intensive education program targeting children from the age of (9-12) years of school dropouts, and those who are enrolled are qualified through their classification into three levels and they are qualified to return to regular schools.

- Please, elaborate further on the measures taken:

☐ All non-formal education programs are characterized by the following:

- targeting all groups and segments of society.

Free with no financial fees.

- Available permanently and continuously.

- Designed to meet the needs of the relevant category.

- Available to all people regardless of gender, nationality or residency requirements.

- Legislations of non-formal education programs (such as adult education and literacy program and systems, instructions for the home studies program, evening study centre instructions, and the foundations for opening evening centres for the program to promote culture for dropouts) confirm the child's right to education, and provide opportunities for enrolment in these programs for all children regardless of Regardless of gender, race, or religion.

- Designing and developing effective programs in the field of responding to the needs of children at risk due to asylum, as the Ministry worked to design and implement a remedial education program in

order to provide educational opportunities for refugee children who have missed the opportunity to enrol in education, or who have dropped out of school education from the ages (9-12) years.

- Developing non-formal education programs in line with the needs of children and youth with disabilities, and contributing to their inclusion in these programs.

- What challenges were encountered in realizing adult learning and education?

- | | |
|---|---|
| ☐ Limited access | ☐ Limited funding |
| ☐ Issues of equity and inclusion | ☐ Poor learning outcomes |
| ☐ Poor quality programmes | ☐ Low number of professionally trained educators |
| ☐ Other: | |

- Please elaborate. Brief quantitative information may be added.

3. Quality education provision and learning environment

For reference: Articles/Paragraphs 2, 4(b) and 5(b) of the Convention/Recommendation provide for quality education. Quality education is fundamental to achieve all targets of SDG4. It is also particularly highlighted in SDG target 4.a that recommends states to “build and upgrade education facilities that are child, disability and gender sensitive and provide safe, non-violent, inclusive and effective learning environments for all”.

3.1 General measures

- Please indicate whether the legal or regulatory framework lays out the conditions and minimum education standards for the establishment and functioning of public education institutions regarding:

- ✓ State monitoring and inspections
- ✓ Health and sanitation
- ✓ Safety (children learn in a safe environment free from violence or harassment, including school-related gender-based violence (in and around schools))
- ✓ Infrastructure
- ✓ Curriculum
- ✓ Student-teacher ratio
- ✓ School fees (if relevant)
- ✓ Other

Including schools in all regions of the Kingdom by establishing schools for male and female students and determining the space allocated to each male and female student.

- Please, elaborate on each of the measures taken:

You may include information on policies, protocols or codes of conduct.

- *Dissemination of ISO models related to health and safety, health facilities, visit reports, infrastructure, and the percentage of students enrolled in vocational education*

- *Bases of approved school formations for the academic year 2024/2025*

- What challenges were encountered in realizing quality education?

☐ Non-supportive or inadequate learning environments

☐ Low quality educational infrastructure and materials

☐ Violence in schools

☐ Inadequate parental support to education

✓ ☒ Cost of education

✓ ☐ Long distances to schools

☐ Conflicts or crises

☐ Other:

- Please, elaborate. Brief quantitative information may be added.

3.2 Education personnel

For reference: Article/Paragraph 4(d) of the Convention/Recommendation provides for the education personnel. This corresponds to SDG target 4.c which is entirely devoted to the teaching profession as it calls on states to “substantially increase the supply of qualified teachers”.

- Please indicate the measures taken to improve the teaching and working conditions of education personnel, especially teaching staff at all levels and regarding the training for the teaching profession (several items may be ticked):

✓ Teacher training is provided without discrimination.

✓ Teachers' average salaries are competitive or at least comparable to those paid in other professions requiring similar or equivalent qualifications (at all levels).

✓ Initial training and continuous professional development are provided.

✓ Minimum standards and qualifications required for the teaching profession.

✓ Measures taken to strengthen the social status and attractiveness of the teaching profession.

✓ Measures taken to promote diversity in the teaching workforce, including to redress gender imbalances at different levels of education.

✓ Establishment of performance monitoring systems.

☐ Measures taken to increase women in leadership positions in education.

☐ Other:

1343 teachers and administrators were trained on the Education Quality Program according to the requirements of the BTEC Vocational Education Development Program by providing the training material, approving it and providing trainers

- Please elaborate on each of the measures taken:

Training of Education Personnel

– Training of Education Personnel without Discrimination:

- A total of 65,495 education personnel received face-to-face training, including 42,086 females and 23,409 males.
- A total of 129,699 education personnel received online training, including 88,694 females and 41,005 males.

– Teacher Ranks and Salary Increases:

- Teacher ranks range from Beginner Teacher, proficient Teacher, Highly-Accomplished Teacher, Lead Teacher.
- Each rank receives a salary increase, ranging from 35% to 70% for the Leader rank, according to the Ministry of Education's rank system for both genders.

– Pre-Service Teacher Training Program:

- The Ministry of Education launched a pre-service teacher training program to prepare aspiring teachers in universities across the Kingdom to become licensed teachers equipped with essential pedagogical skills.
- Four universities were selected from the north, central, and south of the Kingdom (Mu'tah University, Yarmouk University, Jordan University, and Al-Hashemite University) to offer and implement the pre-service teacher training program in a complementary manner to the degrees granted in certain subjects.
- The diploma program qualifies those who wish to join the education sector and prepares them to lead the educational process.
- A number of students were sent to be trained on the pre-service diploma program for the five specializations.
- Scholarships are available for this program in two types:
 - Full scholarship from the Ministry for tuition fees for students.
 - Self-funded enrolment for students of both genders.

– In-Service Teacher Training:

- Teachers who have not received any pre-service programs were trained on the new teachers' in-service program for all specializations, which is accredited for the first rank, Beginner Teacher.
- Qualifications and Standards:
 - The Jordanian Civil Service Law stipulates the recruitment of a number of teachers according to the required standards and qualifications, including the intermediate diploma, bachelor's degree, and other degrees for both genders.
- National Charter of the education Profession:
 - National Charter of the education Profession pays attention to teachers by setting a code of conduct and professional ethics for teachers.
 - It focuses on the duties and rights of teachers and the social status of the teaching profession.
- Performance Appraisal System:
 - A system was established to monitor performance and set standards for evaluating the performance of Ministry of Education employees, ensuring an annual performance report for employees.
- Increased Participation of Women in Leadership Positions:
 - The number of women holding leadership positions, whether in directorates of education or directorates of the ministry, has increased without gender discrimination.

- What challenges were encountered in the education personnel?

- | | |
|--|---|
| ☐ Shortages of teaching staff | ☐ Low quality educational infrastructure and materials |
| ☐ Lack of qualified, trained and motivated teaching staff | ☐ High student – teacher ratio |
| ✓ Lack of training centres | |
| ☐ Other: | |

- Please, elaborate. Brief quantitative information may be added.

Lack of training centres because of the lack of funding

3.3 Respect for human rights and fundamental freedoms

For reference: Article/Paragraph 5(1)(a) of the Convention/Recommendation provides for the respect for human rights and fundamental freedoms. This is covered under SDG target 4.7.³² Please note that this

³² Which calls on states to “ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture’s contribution to sustainable development”.

section contributes to the general monitoring of Article/Paragraph 5(1)(a) of the Convention/Recommendation and that the future consultation on the 1974 Recommendation concerning Education for International Understanding, Co-operation and Peace and Education relating to Human Rights and Fundamental Freedoms // 2023 Recommendation on [...] will be used specifically for monitoring SDG4 indicator 4.7.1.

- Please indicate the national efforts taken in directing education to the full development of the human personality and the strengthening of respect for human rights and fundamental freedoms (several items may be ticked):

- ✓ Curriculum includes human rights education.
- ✓ Educational and/or extracurricular activities are organized on human rights education.

☐ Other:

Jordan signed and ratified on many human rights conventions regarding gender equality and women rights, in addition to child rights and disability rights and commented to target the marginalized groups through the plans and strategies that translated these conversions.

- Please elaborate on each of the measures taken:

3.4 Non-state actors in education

For reference: Articles/Paragraphs 2(c) and 5(1)(b) of the Convention/Recommendation provide for non-state education provision³³.

- Please indicate the measures taken to ensure the provision of quality non-state education (several items may be ticked):

- ✓ Legal provisions prohibiting discrimination on the grounds listed by the Convention/Recommendation³⁴ explicitly apply to non-state educational institutions. Please specify:

The Private and Foreign Educational Institutions Licensing System No. (87) of 2023 and the Instructions for the Conditions and Procedures for Licensing Private and Foreign Educational Institutions No. (3) of 2024 were issued, which contributes to the establishment of (private schools, kindergartens, institutions for people with disabilities and the provision of distinguished educational services and programs for students.

- ✓ Policies aim to guarantee that the development of non-state education does not generate discrimination and that non-state actors offer a relevant alternative (without supplanting public education). Please specify:

³³ Private, faith-based, NGOs, community actors.

³⁴ See: Article/Paragraph 1(1).

Instructions for the accreditation and licensing of foreign programs No. (1) of 2024 were issued, which allow students residing in the Kingdom to study international programs, including the British program, the American program, the Baccalaureate program, the Choueifat program, in addition to the BTEC technical vocational program.

- ✓ Legal provisions provide for the rights of the parents /legal guardians for providing religious and moral education for their children. [Please specify:](#)

Licensing private educational institutions owned by religious associations and sects, where these associations and sects practice their own religious rituals in accordance with the regulating educational legislation.

- ☐ Legal or regulatory framework lays out the conditions and minimum education standards for the establishment and functioning of non-state educational institutions. [Please specify what is covered:](#)

- ✓ Registration
- ✓ State monitoring and inspections
- ✓ Qualifications of teachers
- ✓ Health and sanitation
- ✓ Safety (children learn in a safe environment free from violence or harassment, including school-related gender-based violence (in and around schools)
- ✓ Infrastructure
- ✓ Curriculum
- ✓ Student-teacher ratio
- ✓ School fees
- ✓ School closures
- ✓ Other

One of the requirements for licensing private educational institutions is to provide a school building that complies with the required conditions specified for this purpose in the instructions and the system, which includes all the above-mentioned items in terms of infrastructure and the approval of partner agencies such as the Ministry of Health and the Civil Defence Directorate.

[- Please elaborate:](#)

Private educational institutions must teach the curricula set by the Ministry of Education and contract with teachers and administrators within a schedule of formations and appointments that is officially approved in proportion to the percentage of students and the number of classes mentioned in the license granted to the school. There is also a committee within the instructions to determine tuition fees, where the committee reviews the requests submitted by private schools to increase tuition fees annually. If the school provides the required reinforcements mentioned in the instructions to increase fees, the increase is approved in proportion to the inflation rate reported by the Department of General Statistics.

- What challenges were encountered in non-state education provision?

- | | |
|---|---|
| ☐ Low quality educational infrastructure and materials | ☐ Issues in terms of equity and inclusion |
| ☐ Low number of professionally trained teachers | ☐ Weak government regulatory and monitoring capacity |
| ☐ High student – teacher ratio | |
| ✓ ☐ Other: | |

- The crowded schools and classes in some areas in Jordan related to the number of refugees.

- Please, elaborate. Brief quantitative information may be added.

3.5 Digital education

Digital education is both an opportunity for enhancing access but also can lead to challenges in terms of quality education and inclusion³⁵.

- Please indicate the measures taken to ensure the provision of quality digital education (several items may be ticked):

- ☐ Digital technology use in education is provided for in the legal framework.

-Please, indicate the relevant text and provisions:

- ✓ Core legislations, policies, strategies or plans for the management, privacy, security, storage, transfer, use, and sharing of education data internally and externally to ensure the right to privacy of learners and education stakeholders (e.g., informed consent, transparent usage policies, etc.)
- ✓ Regulatory framework establishes minimum education standards for digital education to which all actors in education must comply.
- ✓ Measures to remove barriers to accessing digital content³⁶, including ensuring access to curriculum-aligned digital content available on free, public, multi-modal national platforms; high-quality content is available in core subjects, official national language(s), and designed with inclusive features to assist learners with disabilities.
- ✓ Digital skills incorporated into pre- and in-service teacher and leadership training curricula to create a culture of digital innovation and growth anchored in equity and inclusion that enables ongoing professional development for existing and emerging staff.

³⁵ Please see General Comment No. 25 (2021) of the Committee on the Rights of the Child which covers children's right to education in relation to the digital environment.

³⁶ Lack of internet connection, basic infrastructure or devices.

- ✓ Future-ready skills (including digital skills, data and AI competencies, critical thinking, etc.) integrated into formal curriculum at all levels of education
- ☐ Measures address the digital divide, including ensuring access to reliable electricity, meaningful internet connectivity at school and at home, devices suitable for learning and teaching, safe and sustainable software and secure platforms, and integrated education data systems.
- ✓ A well-established, sustainable, and cost-effective budget secured from a range of funding sources and intersectoral cooperation, supported by impact focused reporting linked to regional strategic goals.

- Please, elaborate on each of the measures taken:

The Teacher training platform is a modern and advanced tool that aims to enhance the skills and competencies of teachers by providing a comprehensive and advanced learning environment. The platform provides a wide range of educational resources and training courses tailored to meet the needs of teachers at different educational levels. Here is an overview of the platform.

- What challenges were encountered in digital education provision (check all that apply)?

- | | |
|---|---|
| <ul style="list-style-type: none"> ✓ Lack of quality, curriculum-aligned digital teaching and learning content that supports flexible learning and teaching pathways ✓ Lack of equity and inclusion in digital learning solutions ☐ inadequate safety measures and IT support to respond to issues of child online safety or reduce cyber security risks ☐ Other: | <ul style="list-style-type: none"> ✓ Limited access to internet and/or electricity ☐ Limited access to hardware (devices, chargers, etc.) ☐ Difficulty in regulating the use of digital education solutions ✓ Difficulty in sustainably financing digital education solutions at national scale ☐ Lack of digital skills development for meaningful use of digital technology in teaching practice ✓ Disjointed or fragmented solutions that are not centrally systematized or regulated |
|---|---|

- Please elaborate. Brief quantitative information may be added.

4 Strengthening governance systems

For reference: The Education 2030 Framework for Action states "to ensure quality education and conditions for effective education outcomes, governments should strengthen education systems by instituting and improving appropriate, effective and inclusive governance and accountability mechanisms; quality assurance;

management information systems; transparent and effective financing procedures and mechanisms; and institutional management arrangements, as well as ensure that robust, timely and accessible data are available” (para. 18).

- Please indicate the measures taken in terms of governance (several items may be ticked):

- ✓ Monitoring mechanisms to assess compliance with the right to education obligations, including through management information systems.

☐ Monitoring results are made public. Please provide the link:

- Monitoring and Evaluation Tool for the Ministry of Education's Strategic Plan.

- Open EMIS monitoring tools.

https://moe.gov.jo/sites/default/files/tqyr_lmtb_wltqyym_lsnwy_lkht_lstrtyjy_lwzr_ltrby_wltlym.pdf

- ✓ Monitoring processes are participatory, inclusive and regular.
- ✓ Sector-wide and multisector approach is adopted to education governance.
- ✓ Financial resources are effectively allocated to prioritise the provision of free, quality, public education and are adequately budgeted for in government plans.
- ☐ The decision-making process for the allocation of resources to education is transparent.
- ☐ Ensuring crisis-sensitive and disaster risk-informed planning and programming, including the provision of quality education in emergencies.
- ☐ There is a certain degree of decentralization in favour of local public authorities and autonomy for schools to ensure context relevance of their teaching.

- Please, elaborate on each of the measures taken:

- Instructions for distributing vocational education students.
- Instructions for passing and failing vocational education students.
- Setting and approving three quality standards in vocational schools, according to the vocational education development program after forming a committee to set and approve quality standards in vocational schools that included various relevant departments with the continuation of work to set all the necessary standards to achieve the desired quality of education.

- What challenges were encountered in terms of governance?

- ☐ Budgetary constraints
- ☐ Absence of supportive/ inconsistent/obsolete legal and policy environment

- ☐ Lack of involvement of relevant stakeholders and lack of cooperation/coordination at different levels
- ☐ Lack or weakness of monitoring systems – including the lack of reliable data
- ☐ Poor dialogue with teachers' trade unions
- ☐ Other:

- Number of projects and initiatives that require significant follow-up

- Please, elaborate. Brief quantitative information may be added.

III. Methods used to draw the attention of the various authorities in the country to the instruments

For reference: UNESCO governing bodies have underlined the need for awareness raising. Given the importance of normative action at the national level, wide dissemination of the Convention must be ensured, with the support of National Commissions for UNESCO.

- Have activities been carried out to draw the attention of the various authorities of the country to the Convention/Recommendation and their provisions about the right to education and to raise awareness of the principles of non-discrimination and equality of educational opportunities? (Several items may be ticked)

- ☐ Translation of the Convention/Recommendation into the national and possibly local languages
- ☐ Dissemination and advocacy of the core content of the Convention/Recommendation or the core principles of the right to education including through appropriate materials and resources
- ☐ Activities undertaken or supported by the National Commission to promote non-discrimination and equality of educational opportunities and to foster debate on critical issues in relation to the rights enshrined in the instruments
- ☐ Other:
