

**REPORT BY REPUBLIC OF NAMIBIA
ON THE APPLICATION OF THE 1960 CONVENTION AND RECOMMENDATION
AGAINST DISCRIMINATION IN EDUCATION**

Preparation of the 11th Consultation

Combating discrimination in education

Eleventh consultation of Member States on the application of the Convention and the Recommendation against Discrimination in Education (1960) (2024-2025)

GENERAL INFORMATION:

Country name: [Republic of Namibia](#)

Organization or entity responsible for the preparation of the report: [Ministry of Education, Arts and Culture](#)

Name of contact person: [Ms Tania Y Louw/Ayesha Wentworth](#)

Email and telephone number of contact person: Tania.Louw@moe.gov.na
[/Ayesha.Wentworth@moe.gov.na](mailto:Ayesha.Wentworth@moe.gov.na)
[+264 81 229 6196](tel:+264812296196) / [+264812390238](tel:+264812390238)

I. Ratification and applicability of the Convention against Discrimination in Education¹

- Is your country a State Party to the Convention?

☐ Yes

☐ No: [Does your country plan to ratify this instrument?](#)

☐ Yes: [Please indicate the stage of ratification process reached by your country and whether assistance is needed:](#)

☐ There is interest but no concrete action has been taken

☐ The ratification process has been initiated

☐ The ratification process is close to completion

▪ [Please briefly explain the steps that have been taken and timeline when relevant, any difficulties encountered \(legal, institutional, political or practical\) in completing the ratification process. And how UNESCO can assist:](#)

☐ No, not considering ratification. [Please explain why:](#)

¹ <https://www.unesco.org/en/legal-affairs/convention-against-discrimination-education>

- Is the Convention directly applicable in your country's domestic law?

☒ Yes ☐ No

- Have courts, tribunals and/or administrative authorities adjudicated on issues or violations regarding the right to education?²

☐ No

☐ Yes: Have the provisions of the Convention been invoked?

☐ Yes ☐ No

- Please cite the case law and jurisprudence.

Information could also be given about the judicial, administrative and other competent authorities having jurisdiction with respect to the right to education.

II. Information on the implementation of the Convention or Recommendation in the context of Sustainable Development Goal 4 (SDG4)

1. Towards an inclusive non-discriminatory education system

For reference: This section relates to the main purpose of the Convention/Recommendation that is to underscore the state obligation to proscribe any form of discrimination in education while promoting equality of educational opportunity as laid out in Articles/Paragraphs 1(1), 2 and 3 of the Convention/Recommendation.

*It further corresponds to the overall aspiration of SDG4 which aims to “**ensure inclusive and equitable quality education and promote lifelong learning opportunities for all**” by 2030. While it covers all the SDG4 targets, it also specifically covers SDG target 4.5.³*

- Please indicate whether the rights and principles laid out in the Convention/Recommendation informed the elaboration of the education legal and/or policy framework:

☒ Yes ☐ No

- If yes, please provide reference:

² Judicial mechanisms play an important role in enforcing the right to education by ensuring legal accountability and therefore contributing to the practical realization of the right to education.

³ Which calls on states to “eliminate gender disparities in education and ensure equal access to all levels of education and vocational training for the vulnerable, including persons with disabilities, indigenous peoples and children in vulnerable situations”.

Basic Education Act 2020, No. 3 of 2020, Section 7; Ministry of Education, Arts and Culture Project Charter, 4 April 2024, 6 Project scope (i); Sector Policy on Inclusive Education 2013; Republic of Namibia, National Human rights Action Plan 2015 – 2019, 5.4.3; Namibian Constitution

1.1 Non-discrimination and equality in education

- Please indicate measures adopted to both prevent and eliminate discrimination in education within the meaning of the Convention/Recommendation⁴, and ensure equal access to all levels and types of education (please tick all that apply):

For reference: This notably is covered under SDG target 4.1 and partly target 4.b⁵

✓ Legal texts⁶ prohibit discrimination and guarantee equal access to education:

- ✓ In pre-primary education (including early learning and care)
- ✓ In primary education
- ✓ In secondary education
- ✓ In technical and vocational education and training
- ✓ In higher education
- ✓ In adult education and alternative learning

- Please indicate the relevant legal provisions:

Basic Education Act 2020, No. 3 of 2020; Sector Policy on Inclusive Education 2013; Republic of Namibia, National Human rights Action Plan 2015 – 2019, 5.4.3; Namibian Constitution

- Please list the prohibited grounds of discrimination in education as laid out in legal texts:

Basic Education Act 2020, No. 3 of 2020:

- **Prohibition on discrimination against learners**

7. (1) A person may not subject a child or learner who -

(a) applies for admission at any school; or

(b) is attending any school,

to any form of direct or indirect discrimination on grounds of race, ethnic origin, colour, sex, religion, creed, social or economic status.

(2) A person who contravenes to subsection (1) commits an offence and is liable to a fine not exceeding N\$20 000 or to imprisonment for a period not exceeding two years, or to both such fine and such imprisonment

- **Admission to State schools**

⁴ See: Article/Paragraph 1(1).

⁵ Which calls on states to "substantially expand globally the number of scholarships available [...] for enrolment in higher education, including vocational training and information and communications technology, technical, engineering and scientific programmes".

⁶ Constitution, laws, decrees, regulations, circulars, etc.

19. (1) A State school must admit learners and serve their educational requirements without discriminating in any way.

The Namibian Constitution

- **Article 10 Equality and Freedom from Discrimination**

- (1) All persons shall be equal before the law.

- (2) No persons may be discriminated against on the grounds of sex, race, colour, ethnic origin, religion, creed or social or economic status.

- **Article 20 Education**

- (1) All persons shall have the right to education

- (4) All persons shall have the right, at their own expense, to establish and to maintain private schools, or colleges or other institutions of tertiary education: provided that:

- (c) no restrictions of whatever nature are imposed with respect to the admission of pupils based on race, colour or creed;

- (d) no restrictions of whatever nature are imposed with respect to the recruitment of staff based on race or colour.

✓ Policies, programmes and initiatives aim to prohibit and prevent discrimination and ensure equal access to education

✓ In pre-primary education (including early learning and care)

✓ In primary education

✓ In secondary education

✓ In technical and vocational education and training

✓ In higher education

✓ In adult education and alternative learning

- Please provide details:

- **Sector Policy on Inclusive Education 2013**

- The Sector Policy on Inclusive Education is a medium for attaining accessible, equitable and sound education for all through efficiency, democracy and solid advocacy for lifelong learning.

- to expand access to and provision of quality education, especially for educationally marginalised learners; and to support learners with a wide range of individual abilities and needs in compulsory education at Early Childhood Development (ECD), pre-primary, primary and secondary levels.

- **Namibia School Feeding Policy, 2018**

- The goal of this policy is to provide a framework for improving access to quality and inclusive education for all children in Namibia

- In addition, school feeding addresses the Sustainable Development Goals (SDGs) 2, 4 and 5 on ending hunger, achieving food security and improved nutrition and promoting sustainable agriculture; ensuring inclusive and equitable quality education and promoting lifelong learning opportunities for all as well as promoting gender equality and empowerment of all women and girls.

- **Basic Education Act 2020, No. 3 of 2020**
 - **Prohibition on discrimination against learners**

7. (1) A person may not subject a child or learner who -
 (a) applies for admission at any school; or
 (b) is attending any school,
 to any form of direct or indirect discrimination on grounds of race, ethnic origin, colour, sex, religion, creed, social or economic status.

(2) A person who contravenes to subsection (1) commits an offence and is liable to a fine not exceeding N\$20 000 or to imprisonment for a period not exceeding two years, or to both such fine and such imprisonment

☐ Combatting discrimination in terms of curriculum:

- ☐ In pre-primary education (including early learning and care)
- X In primary education
- x In secondary education
- ☐ In technical and vocational education and training
- ☐ In higher education
- ☐ In adult education and alternative learning

- Please provide details:

Pre-primary Education

The pre-primary education curriculum in Namibia is designed to lay a solid foundation for lifelong learning and personal development. Based on the Constitution of the Republic of Namibia and the Education Act, the following measures are adopted to combat discrimination:

- **Equal Access:** The Constitution guarantees every person the right to education. The Ministry ensures that all children, regardless of their background, have access to pre-primary education.
- **Inclusive Curriculum:** The curriculum focuses on personal and social development, ensuring children learn to accept each other and cooperate in groups. This fosters an inclusive environment from an early age.
- **Mother Tongue Instruction:** The medium of instruction is the mother tongue or predominant local language, which helps prevent linguistic discrimination and supports effective learning.

Primary Education

Primary education in Namibia continues to build on the foundation laid in the pre-primary phase, focusing on literacy, numeracy, and social skills. The measures to combat discrimination include:

- **Free and Compulsory Education:** According to the Constitution, formal basic education is free and compulsory for children from age 7 to 16. This provision ensures that financial barriers do not prevent children from accessing education.

- **Cross-curricular Themes:** Themes such as human rights, democracy, and HIV/AIDS education are integrated across the curriculum to promote awareness and understanding of key societal issues, thus combating discrimination and promoting equality.
- **Broad Subject Offering:** All learners take subjects that provide a broad knowledge base, such as Environmental Studies, Religious and Moral Education, and Arts, which help develop a well-rounded understanding and respect for diverse perspectives.

Secondary Education

Secondary education in Namibia aims to extend knowledge and skills while preparing learners for further education and adult life. The measures to combat discrimination at this level include:

- **Inclusive Curriculum:** The curriculum includes subjects that address crucial issues such as democracy, social stability, and global challenges, promoting an understanding of diverse viewpoints and fostering an inclusive mind-set.
- **Support for Disadvantaged Learners:** The Ministry provides support to learners from disadvantaged backgrounds, ensuring they have the resources needed to succeed academically.
- **Diverse Subject Choices:** Learners can choose from a range of elective subjects, including pre-vocational subjects, which cater to different interests and career aspirations. This diversity helps prevent discrimination by providing equal opportunities for all learners to pursue their interests and talents.

Conclusion

Namibia's education system, guided by the Constitution and the Education Act, adopts comprehensive measures to prevent and eliminate discrimination at all educational levels. By ensuring equal access, integrating inclusive themes across the curriculum, and offering a broad range of subjects, the system promotes equality and prepares learners to address societal challenges on personal, local, national, and global levels.

☐ Other measures adopted to both prevent and eliminate discrimination in education and ensure equal access to all levels and types of education:

1.2 Equality of opportunities and inclusion in education

- Please indicate the actions taken/planned to ensure equality of opportunities (in terms of access, participation and completion), equal treatment and to support the inclusion of all learners in learning processes (*several items may be ticked*):

General measures:

- ✓ Legislation provides for inclusive education for all
- ✓ Policy measures aim to enhance inclusion in education for all
- ✓ Teachers are trained on inclusive education⁷ and to value diversity
- ✓ Initiatives to address discrimination and promote cultural diversity and mutual acceptance
- ☐ Multiple and flexible learning pathways⁸ are provided for
- ✓ Curricula and teaching methods are inclusive in design⁹
- ✓ Multilingual and intercultural education is supported

☐ Other:

- The provision of Assistive Technology
- Introduction of Alternative Assessment

- Please elaborate and, where appropriate, indicate the legal and policy measures taken:

- **Sector Policy on Inclusive Education 2013**
 - The Sector Policy on Inclusive Education is a medium for attaining accessible, equitable and sound education for all through efficiency, democracy and solid advocacy for lifelong learning.
 - to expand access to and provision of quality education, especially for educationally marginalised learners; and to support learners with a wide range of individual abilities and needs in compulsory education at Early Childhood Development (ECD), pre-primary, primary and secondary levels.
- **Namibia School Feeding Policy, 2018**
 - The goal of this policy is to provide a framework for improving access to quality and inclusive education for all children in Namibia
 - In addition, school feeding addresses the Sustainable Development Goals (SDGs) 2, 4 and 5 on ending hunger, achieving food security and improved nutrition and promoting sustainable agriculture; ensuring inclusive and equitable quality education and promoting lifelong learning opportunities for all as well as promoting gender equality and empowerment of all women and girls.

- In general, what challenges were encountered in the implementation of non-discrimination and equal opportunities principles in education? If needed, brief quantitative information may be added.

⁷ Teachers are prepared to teach all student (beyond just students with disabilities), equipping them with knowledge, values and attitudes that permit every student to succeed. See: [UNESCO policy paper](#): Inclusive teaching: preparing all teachers to teach all students, 2020, p.14.

⁸ Multiple and flexible learning pathways are 'entry points and re-entry points at all ages and all educational levels, strengthened links between formal and non-formal structures, and recognition, validation and accreditation of the knowledge, skills and competencies acquired through nonformal and informal education' ([Education 2030 Framework for Action](#), para. 33). This may include student transfers between courses and institutions and diverse learning modalities (online, in-person, full-time, part-time, etc.) to respond to individual needs and interests.

⁹ In designing the curricula and teaching methods, care is given to ensure that all students are provided with an inclusive and supportive learning experience that offers them the opportunity to succeed whatever their background.

Discrimination and stigmatisation is still practised in some situations. There are also issues around tribal affiliations that flare up from time to time.

Other relevant general measures, including gender equality

- | | |
|--|---|
| <ul style="list-style-type: none">✓ Legislation provides for gender equality in education✓ Policy measures aim to enhance gender equality☐ Gender-responsive education sector planning is undertaken☐ Providing positive or affirmative action measures☐ Providing financial incentives and fellowships☐ Teachers are trained (initial and in-service) on gender equality☐ Teachers are trained to combat stigmatisation¹⁰☐ Other: | <ul style="list-style-type: none">✓ All barriers for pregnant girls and young mothers in education are eliminated to ensure the continuity of their education☐ Re-entry programmes for young mothers are provided for☐ Ensuring safe and adequate gender-sensitive sanitation facilities¹¹☐ Curricula are rid of all stereotypes¹² and bias☐ Ensuring gender parity in science, technology, engineering and mathematics (STEM)☐ Ensuring gender parity in technical and vocational training education and training (TVET) |
|--|---|

- Please elaborate and, where appropriate, indicate the legal and policy measures taken:

Education Sector Policy for the Prevention and Management of Learner Pregnancy

The goal of this policy is to improve the prevention and management of learner pregnancy in Namibia, with the ultimate aim of decreasing the number of learner pregnancies and increasing the number of learner-parents who complete their education. That allows for learners to return to school immediately after giving birth, provided that the learners health is confirmed and that of the baby and care of the baby is in place. Learners can also defer for a year from returning, but their place in the schools will be reserved.

- What challenges were encountered in achieving gender equality in and through education? If needed, brief quantitative information may be added.

Namibia faces a challenge of a male children that are leaving the education system. We have more girls that are remaining in the formal education system and graduating from universities.

¹⁰ ‘ Stigmatisation is the act of treating someone or something unfairly by publicly disapproving of them’ (Cambridge Dictionary).

¹¹ ‘ Gender-sensitive sanitation includes clean, safe and separate toilets, with access to water and garbage disposal’ ([UNGEI blog post](#), Gender-sensitive sanitation, 2018)

¹² Stereotype is a set idea that people have about what someone or something is like, especially an idea that is wrong’ (Cambridge Dictionary).

- Does the legal minimum age for marriage conform to international standards (18 years) ¹³:

Please note that child marriage is a discriminatory practice as often girls can marry at a younger age than boys. Child marriage violates the child's right to education as they are more likely to drop out of school and children who are not in school are more likely to get married.

☒ Yes ☐ No

- Please provide reference to the relevant laws and provisions and indicate the exceptions to the legal age of marriage as well as the absolute minimum age:

Child Care and Protection Act

National minorities:

For reference: Article/Paragraph 5(1)(c) of the Convention/Recommendation provides for the rights of national minorities.

- | | |
|--|--|
| ☒ Legislation provides for the right to education of national minorities | ☐ Teachers are trained on intercultural education |
| ☒ Policy measures aim to enhance the right to education of national minorities | ☐ Teachers are trained to combat stigmatisation ¹⁵ |
| ☐ Policy elaboration includes consultations with local communities | ☐ Multilingual and intercultural education are supported |
| ☐ The right to carry out their own educational activities is legally guaranteed for national minorities | ☐ Native language instruction is ensured for national minorities |
| ☐ Educational standards are established for educational institutions run by national minorities | ☐ Adapting curricula and teaching and learning methods to their needs for national minorities |
| ☐ Positive or affirmative action measures are provided for national minorities | ☐ Curricula are rid of all stereotypes ¹⁶ and bias |
| ☐ Financial incentives and fellowships are provided for national minorities | |
| ☐ Other ¹⁴ : | |

¹³ Please note that according to the Joint general recommendation No. 31 of the Committee on the Elimination of Discrimination against Women/general comment No. 18 of the Committee on the Rights of the Child on harmful practice, para. 20: "a marriage of a mature, capable child below 18 years of age may be allowed in exceptional circumstances, provided that the child is at least 16 years of age and that such decisions are made by a judge based on legitimate exceptional grounds defined by law and on the evidence of maturity, without deference to culture and tradition."

¹⁴ Please see: [UNESCO report](#) 'The right to education of minorities: Overview of States' measures reported in the 10th Consultation on the 1960 Convention and Recommendation against Discrimination in Education, 2023.

¹⁵ Supra note 15.

¹⁶ Supra note 16.

- Please elaborate and, where appropriate, indicate the legal and policy measures taken:

Republic of Namibia National Human Rights Action Plan 2015 – 2019

Educational materials were developed for Indigenous People that includes their history and culture. The Education programme is aimed at eradicating the socio-cultural and material problems faced by minorities, e.g. San, Ovahimba and Ovambo learners.

- What challenges were encountered in realizing the right to education of minorities? If needed, brief quantitative information may be added.

Indigenous people:

- | | |
|--|--|
| ☒ Legislation provides for the right to education of indigenous people | ☐ Financial incentives and fellowships are provided for indigenous people |
| ☒ Policy measures aim to enhance the right to education of indigenous people | ☐ Teachers are trained on intercultural education |
| ☐ Policy elaboration includes consultations with local communities | ☐ Teachers are trained to combat stigmatisation ¹⁷ |
| ☐ The right to carry out their own educational activities is legally guaranteed for indigenous people | ☐ Multilingual and intercultural education are supported |
| ☐ Educational standards are established for educational institutions run by indigenous people | ☐ Native language instruction is ensured |
| ☐ Positive or affirmative action measures are provided for indigenous people | ☐ Adapting curricula and teaching and learning methods to their needs for indigenous people |
| ☐ Other: | ☐ Curricula are rid of all stereotypes ¹⁸ and bias |

- Please elaborate and, where appropriate, indicate the legal and policy measures taken:

- The Convention on the Rights of the Child recognizes compulsory and free primary education to all children which also includes indigenous children.
- The African Charter recognizes the right to education in article 17 and also acknowledges the right of individuals to take part in the cultural lives of their own communities. The African Charter on the Rights and the Welfare of the Child contains a provision stating the right of children to enjoy equal access to free and compulsory basic education

¹⁷ Supra note 15.

¹⁸ Supra note 16.

- Namibia's Educational Language Policy provides that "children shall be instructed in their mother tongue for the first three years of formal schooling with gradual switch to English in the fourth year." In furtherance of that policy a collaboration between civil society and Namibia's Ministry of Education launched the Nyae Nyae Village School Project (VSP), which is a successful model integration of traditional, culturally-appropriate mother-tongue education of San indigenous children with formal education.
- The San Development Programme has launched the "Back to School and Stay at School for San Children" campaign that is aimed at ensuring re-enrolment and retention of indigenous children in schools.
- A National School Feeding Programme (NSFP) was also introduced by the Ministry of Education in some of the indigenous people's regions in the Kunene (Opuwo) and Otjozandjupa (Tsumkwe) in an effort to attract and retain children who would otherwise be unable to attend school because of hunger."
- The government of the Republic of Namibia has also launched satellite and mobile schools for the San and Ovahimba in conformity with their nomadic life-style

- What challenges were encountered in realizing the right to education of indigenous people? If needed, brief quantitative information may be added.

People on the move (migrants, refugees, asylum-seekers, stateless persons and internally displaced persons) and trapped populations¹⁹:

- | | |
|--|---|
| ☒ Legislation provides for their right to education | ☐ Financial incentives and fellowships are provided for |
| ☐ Policy measures aim to enhance their right to education | ☐ Auxiliary assistance is provided |
| ☒ Inclusion in mainstream schools is ensured | ☐ Multiple and flexible learning pathways ²² are provided |
| ☐ Positive or affirmative action measures are provided for | ☒ Curricula are rid of all stereotypes ²³ and bias |
| ☐ All administrative barriers to access education are removed | ☐ Accelerated learning programmes are provided |
| ☐ Alternative administrative procedures (placement tests, portfolio of evidence, etc.) to overcome administrative barriers ²⁰ are provided for | ☐ Non-formal and/or alternative education programmes are provided |

¹⁹ 'Trapped populations are those who are unable to migrate to safe locations and remain trapped in locations vulnerable to the impacts of climate hazards' ([UNESCO report](#): The impact of climate displacement on the right to education, 2020, p. 2).

²⁰ While lack of documentation (such as identity papers, birth certificates, residency permits, etc.) should not be an obstacle to access education, these can constitute a barrier to education See: [UNESCO publication](#): Handbook on the right to education, 2018, p. 96.

²² Supra note 13

²³ Supra note 16.

- ☐ Teachers are specifically trained to ensure their inclusion
- ☐ Teachers are trained to combat stigmatisation²¹
- ☐ Other:
- ☐ Language classes to newcomers are provided for
- ☐ Multilingualism and intercultural education are encouraged

- Please elaborate and, where appropriate, indicate the legal and policy measures taken:

- Have specific measures been adopted for climate displaced persons?

☐ Yes ☐ No

- Please elaborate:

- What challenges were encountered in realizing the right to education of migrants, refugees, asylum seekers, stateless persons and IDPs? If needed, brief quantitative information may be added.

Namibia does not have a big problem with this. We have a refugee camp in Osire and a school has been built there to accommodate all the children (both primary and secondary). The teachers that are teaching there are a mixture of Namibian and refugee teachers. When given refugee status they are allowed to integrate into the community and be employed in Namibia.

People with disabilities:

- ✓ Legislation provides for their right to education
- ✓ Policy measures aim to enhance their right to education
- ✓ Inclusion in mainstream schools is ensured
- ✓ Special schools are used as resource centers to inclusive schools
- ☐ Positive or affirmative action measures are provided
- ☐ Financial incentives and fellowships are provided
- ☒ Mainstream teachers are specifically trained on disabilities
- ☐ Teachers are trained to combat stigmatisation²⁴
- ☐ Auxiliary assistance is provided
- ✓ Curricula and teaching and learning methods are adapted
- ☐ Curricula are rid of all stereotypes²⁵ and bias
- ✓ Education infrastructure and learning materials are adapted

²¹ Supra note 15.

²⁴ Supra note 15.

²⁵ Supra note 16.

☐ Other

- Please elaborate and, where appropriate, indicate the legal and policy measures taken:

Sector Policy on Inclusive Education. When education grants are given to schools, learners in resource schools/units are given 5 times more money than mainstream learners, in order to address their specific needs in relation to their disability or barrier to education.

- What challenges were encountered in realizing the right to education of people with disabilities? If needed, brief quantitative information may be added.

There are not enough Resource units and resource schools in all the regions. There is a challenge of financial constraints in the construction of these schools, there are also a lack of trained teachers in the mainstream schools to support learners with disabilities. MoEAC is trying to establish a category for Education Special Needs Assistant to support learners with disabilities in mainstream and also in Resource Schools.

Students from poor households:

☐ Financial incentives and fellowships for school enrolment are provided

☐ Teachers are trained to combat stigmatisation²⁶

☒ Transport, meals and education material are subsidised or provided free of charge beyond compulsory education

☐ Curricula are rid of all stereotypes²⁷ and bias

☐ Positive or affirmative action measures are provided

☐ Other:

- Please elaborate and, where appropriate, indicate the legal and policy measures taken:

The Namibia School Feeding Programme provides mid morning meals to all learners in Primary School from food insecure households. In some cases transport is provided to learners. The Ministry also provides stationary to all learners through the Primary and Secondary Education Grants.

- What challenges were encountered in realizing the right to education of students from poor households? If needed, brief quantitative information may be added.

²⁶ Supra note 15.

²⁷ Supra note 16.

2. Progress made with respect to implementing the right to education across all levels and forms of education

2.1 Early childhood care and education

For reference: Early childhood care and education (ECCE) is not explicitly provided for in the Convention/Recommendation. However, the international community has increasingly recognized the importance of ECCE over the years. The Committee on the Rights of the Child initially recognized “the right to education during early childhood as beginning at birth” (General Comment No. 7). This became more explicit with the 2010 Moscow Framework for Action and Cooperation²⁸ and more recently, the Tashkent Declaration and Commitments to Action for Transforming Early Childhood Care and Education²⁹. In the current context of the Education 2030 agenda, under SDG target 4.2, states have now committed to “the provision of at least one year of free and compulsory pre-primary education”.

- Please indicate the measures taken to ensure access to quality ECCE (*several items may be ticked*):

- | | |
|---|--|
| ☐ Prior to pre-primary education, ECCE services are free | ☐ ECCE services respect a child’s need for early cognitive and social development, foundational learning, responsive care, nutrition, health, safety, protection, and play. |
| ☐ Prior to pre-primary education, ECCE services are affordable | |
| ☐ ECCE services are accessible on a non-discriminatory basis | |

- Please elaborate further on the measures taken:

ECEC services are community run or privately owned so there are costs involved, however Ministry of Gender provides subsidies to community ECD centres based on their need. Usually the private centres do not qualify for subsidy, it is more for the centres from poor communities.

- Is compulsory and free of charge pre-primary education available?

X Pre-primary education is compulsory. Please provide the age of enrolment and duration:

Children enrol in Pre-Primary at the age of 5 years old. Pre-Primary is 1 year. Although Pre-Primary is part of formal education and compulsory, there is insufficient infrastructure to accommodate all Pre-Primary learners. The statistics show that 50% of learners in ECD centres are aged 5 to 6 years and are supposed to be enrolled in the Formal Education in Pre-Primary Classrooms

- ☐ Pre-primary education is **not** compulsory.
- ☐ Pre-primary education is free of charge for all. Please provide the duration and indicate the extent to which it is free:

²⁸ Which states that “ECCE is part of the right to education and the main foundation for holistic human development”.
²⁹ Which commits states to “Enhance policy and legal frameworks to ensure that the right to education includes ECCE”

Where learners are attending Pre-Primary Education in the formal system it is free. Learners are not forced to pay school fees, however parents are requested to support the school where the school cannot provide all the resources required. Where learners are attending Pre-Primary Privately, there are fees involved. Children will not be turned away from Grade 1 entry if they have not completed Pre-Primary Education.

☐ Pre-primary education is **not** free.

- Please list the relevant laws and policies. Where applicable, provide information on the direct costs (e.g., enrolment fees and tuition fees) and indirect costs (e.g., schools supplies, uniforms, transport and compulsory levies on parents). Brief quantitative information may be added.

Indirect costs are transport to schools for Pre-Primary learners. Where learners are in the formal system, they will also benefit from the school feeding. However, in private sector there may be costs associated with feeding and also enrolment fees in these centres.

- What challenges were encountered in realizing early childhood care and education and pre-primary education?

☒ Limited access

☒ Poor learning outcomes

☒ Issues of equity and inclusion

☒ Low number of professionally trained educators

☐ Poor quality programmes

☐ Lack of support to families

☐ Other:

There is a curriculum developed for 0-4 years, but this was not quality assured by the MOEAC. Many educators in ECD centres are not adequately trained. ECD centres are community run and not owned by either Ministry of Gender or Ministry of Education. The Ministry of Gender does provide subsidies to ECD centres.

- Please elaborate. Brief quantitative information may be added.

ECD-MIS 2023 shows that 100406 children are enrolled in ECD centres. 30 % of the eligible population of learners aged 0 – 4 % are enrolled in ECD Centres. Of the 100406 children enrolled in ECD centres 57% are aged 5 and above which means that they should be in Pre-Primary. The enrolment in Pre-Primary in Formal Education according to the 15th day school statistics of 2024, shows that there are 55 158 learners enrolled as opposed to 104 594 learners in Grade 1.

2.2 Primary and secondary education

For reference: Article/Paragraph 4(a) of the Convention/Recommendation provides for universal primary and secondary education. In the context of the Education 2030 agenda, SDG target 4.1 calls on States to provide “12 years of free, publicly funded, inclusive, equitable, quality primary and secondary education – of which at least nine years are compulsory.”

Primary education

- Please provide the age of enrolment and duration of primary education:

It is compulsory for a learner to attend school during school hours from the first school day of the academic year in which he or she reaches the age of six years until 12 years of age.

- Is primary education compulsory and free of charge?

- ✓ Primary education is compulsory
- ☐ Primary education is **not** compulsory.
- ✓ Primary education is free of charge.
- ☐ Primary education is **not** free.

- Please list the relevant laws and policies. Where applicable, provide information on the direct costs (e.g., enrolment fees and tuition fees) and indirect costs (e.g., exam fees, schools supplies, uniforms, transport and compulsory levies on parents). Brief quantitative information may be added.

Basic Education Act 2020, Act No 3 of 2020. There are indirect costs. Although the Ministry provides a grant to all learners, this grant is not necessarily enough to cover all resource needs of learner and parents are requested to contribute in kind, materially or financially. However, no learner can be denied access to education if their parents are not able to make a voluntary contribution to the school.

- What challenges were encountered in realizing primary education?

- | | |
|---|--|
| ☒ Limited access | ☒ Poor learning outcomes in: |
| ☐ Issues of equity and inclusion | X Foundation literacy |
| ☐ High dropout rates | X Numeracy |
| ☐ Poor quality programmes | Social and emotional learning |
| ☐ Other: | Others |
| | ☒ Disparity in learning outcomes |
| | ☐ Low number of professionally trained teachers |

At Grade 1, the Ministry has reached high enrolment rates, where there are challenges it is around quality educational outcomes. Majority of the learner population are in the Primary phase of education. There is high drop out in the later grades.

- Please elaborate. Brief quantitative information may be added.

Secondary education

In this part, please provide information on the general availability and accessibility to all of secondary education, including technical and vocational secondary education and training.

- Please provide the age of enrolment and duration of lower secondary education:

13 years of age. In Namibia we call it Junior Secondary education and it spans over two years.

- Please provide the age of enrolment and duration of upper secondary education:

15 years of age. It spans over 2 years after which those that qualify enrol to do the Namibia Senior Secondary Certificate Advanced Subsidiary (NSSCAS) Level for 1 year.

- Is lower and upper secondary education compulsory and free of charge?

- ✓ Lower secondary education is compulsory.
- ☐ Lower secondary education is **not** compulsory.
- ✓ Lower secondary education is free of charge.
- ☐ Lower secondary education is **not** free of charge.
- ✓ Upper secondary education is compulsory.
- ☐ Upper secondary education is **not** compulsory.
- ✓ Upper secondary education is free of charge
- ☐ Upper secondary education is **not** free of charge.

- Please list the relevant laws and policies. Where applicable, provide information on the direct costs (e.g., enrolment fees and tuition fees) and indirect costs (e.g., exam fees, schools supplies, uniforms, transport and compulsory levies on parents). Brief quantitative information may be added.

Basic Education Act 2020, Act No 3 of 2020.

It is compulsory for a learner to attend school during school hours from the first school day of the academic year in which he or she reaches the age of six years until the last school day of the year in which he or she attains the age of 18 years. Although education grants are provided for all learners, this is not sufficient for all the resources needed so parents are requested to provide voluntary contributions, either in kind or services or financially or services. Additionally the school grand policy has been approved which makes funding at schools very learner specific looking at the needs of individual learners.

- Please indicate whether the legal minimum age for employment is aligned with the end of compulsory education:

For reference: The employment laws and those related to compulsory education are interdependent and mutually reinforce each other. If the minimum age of employment is below that of compulsory education, the child is at risk of dropping out of school to work and therefore not completing compulsory education. On the other hand, if compulsory education is lower than the minimum age of

employment, once the child has completed compulsory education, the door is open to child exploitation and the violation of labour laws.

Yes o No o

- Please provide reference to the relevant laws and provisions and indicate how the provision is enforced:

Labour Act 2007, Act No 11 of 2007

- Prohibition and restriction of child labour

3. (1) A person must not employ or require or permit a child to work in any circumstances prohibited in terms of this section. (2) A person must not employ a child under the age of 14 years.

In respect of a child who is at least aged 14, but under the age of 16 years, a must not employ that child in any circumstances contemplated in Article 15(2) of the Namibian Constitution;

In respect of a child who is at least aged 16 but under the age of 18 years, a person may not employ that child in any of the circumstances set out in subsection (3)(c) or (d), unless the Minister has permitted such employment by regulation in terms of subsection (5)(c).

- What challenges were encountered in realizing secondary education?

- | | |
|---|--|
| ☒ Limited access | ☒ Poor learning outcomes |
| ☐ Issues of equity and inclusion | ☒ Low readiness of primary graduates |
| ☒ High dropout rates | ☐ Low number of professionally trained teachers |
| ☐ Poor quality programmes | |
| ☐ Other: | |

- Please elaborate. Brief quantitative information may be added.

The school feeding programme does not extend to secondary education. There is a high failure rate in Grade 8. Statistics shows 77 439 learners in Grade 8 and only 57 511 in Grade 9. NSSCO (Grade 11) is the first exit point in the system and there is a challenge with learners obtaining quality symbols, with only a very small percentage proceeding to NSSCAS (Grade 12).

2.3 Higher education

For reference: Article/Paragraph 4(a) of the Convention/Recommendation provides for higher education. Ensuring higher education is essential to achieve SDG4, both targets 4.3³⁰, and target 4.4³¹.

³⁰ Which calls on states to “ensure equal access for all women and men to affordable and quality technical, vocational and tertiary education, including university”.

³¹ Which recommends to “substantially increase the number of youth and adults who have relevant skills, including technical and vocational skills, for employment, decent jobs and entrepreneurship”.

Article 4 of the Convention requires states to make “higher education equally accessible to all on the basis of individual capacity”. Article 13 of the International Covenant on Economic, Social and Cultural Rights (1966) further adds that this should be pursued by “every appropriate means, and in particular by the progressive introduction of free education”. Higher education includes technical and vocational education and training.

- Please indicate efforts made to ensure that higher education, including technical, vocation education and training, is equally accessible to all on the basis of individual capacity and/or is available free of charge (*several items may be ticked*):

- ☐ Higher education is free of charge
- ☐ Higher education is accessible on the basis of individual capacity (as assessed by reference to relevant qualifications and experience)
- ☐ Higher education is accessible through financial incentives and scholarships
- ☐ Higher education is accessible through positive or affirmative action measures
- ☐ Higher education is accessible through credit transfer system between states
- ☐ Higher education allows for multiple and flexible learning pathways (flexible entry and re-entry, recognition, validation, and accreditation of knowledge and skills acquired through non-formal and informal education).
- ☐ Other:

- Please list the relevant laws and policies. Where applicable, provide information on the direct costs (e.g., enrolment fees and tuition fees) and indirect costs (e.g., exam fees, university supplies, transport, accommodation). Brief quantitative information may be added.

- What challenges were encountered in realizing higher education?

- | | |
|---|---|
| ☐ Limited access | ☐ Low number of professionally trained professors |
| ☐ Issues of equity and inclusion | ☐ Insufficient mechanisms to ensure smooth transition from secondary to tertiary |
| ☐ Poor quality programmes | |
| ☐ Poor learning outcomes | |
| ☐ Other: | |

- Please elaborate. Brief quantitative information may be added.

2.4 Adult education and alternative learning

For reference: Article/Paragraph 4(c) of the Convention/Recommendation provides for adult education and alternative learning. While SDG4 aims to “ensure inclusive and equitable quality education and promote lifelong learning opportunities for all”, target 4.6 specifically calls on states to “ensure that all youth and a substantial proportion of adults, both men and women, achieve literacy and numeracy”. Furthermore, under target 4.4, states are called “to increase and diversify learning opportunities, using a wide range of education and training modalities, so that all youth and adults, especially girls and women, can acquire relevant knowledge, skills and competencies for decent work and life.”

- Please indicate the measures taken to establish a system of continuing education and equitable access to learning and training opportunities (several items may be ticked):

- ☒ Provision of education for persons who have not received or completed the whole period of their primary education
- ☒ Provision of literacy programmes
- ☒ Provision of continuous learning (such as learning programmes to develop knowledge, skills, abilities, or competencies for personal and professional development)
- ☒ Provision of free of charge learning opportunities
- ☒ Provision of professional training including reskilling and upskilling programmes
- ☐ Recognition, validation and certification of non-formal and informal learning
- ☒ Provision of free of charge career guidance and counselling
- ☐ Lifelong learning entitlements including learning accounts, vouchers, etc.
- ☒ Other:

Adult skills development for self employment gives loans to adult learners through a credit scheme to develop a businesses

- Please elaborate further on the measures taken:

The Ministry has a directorate for Adult Education and Life-Long learning that provides free literacy and skills training programmes at community development centres across the country.

- What challenges were encountered in realizing adult learning and education?

- | | |
|---|---|
| ☒ Limited access | ☒ Limited funding |
| ☐ Issues of equity and inclusion | ☐ Poor learning outcomes |
| ☐ Poor quality programmes | ☐ Low number of professionally trained educators |
| ☐ Other: | |

- Please elaborate. Brief quantitative information may be added.

Capacity building is limited due to limited funding.

3. Quality education provision and learning environment

For reference: Articles/Paragraphs 2, 4(b) and 5(b) of the Convention/Recommendation provide for quality education. Quality education is fundamental to achieve all targets of SDG4. It is also particularly highlighted in SDG target 4.a that recommends states to “build and upgrade education facilities that are child, disability and gender sensitive and provide safe, non-violent, inclusive and effective learning environments for all”.

3.1 General measures

- Please indicate whether the legal or regulatory framework lays out the conditions and minimum education standards for the establishment and functioning of public education institutions regarding:

☒ State monitoring and inspections

☒ Health and sanitation

☒ Safety (children learn in a safe environment free from violence or harassment, including school-related gender-based violence (in and around schools))

☐ Infrastructure

☒ Curriculum

☒ Student-teacher ratio

☐ School fees (if relevant)

☐ Other

- Please elaborate on each of the measures taken:

You may include information on policies, protocols or codes of conduct.

Basic Education Act 20, Act No 3 of 2020, Namibia National Safe School Framework, Integrated School Health and Safety TOT training manual and draft policy, Integrated Physical Education and School Sports Policy, National Curriculum on Basic Education 2018,

- What challenges were encountered in realizing quality education?

☒ Non-supportive or inadequate learning environments

☐ Violence in schools

☒ Low quality educational infrastructure and materials

☒ Inadequate parental support to education

- ☐ Cost of education
- ☐ Conflicts or crises
- ☐ Other:

Long distances to schools

- Please elaborate. Brief quantitative information may be added.

There is insufficient infrastructure for education. Sometimes the ratio of learners to sanitation facilities are not conducive. Low Parental involvement in education.

3.2 Education personnel

For reference: Article/Paragraph 4(d) of the Convention/Recommendation provides for the education personnel. This corresponds to SDG target 4.c which is entirely devoted to the teaching profession as it calls on states to “substantially increase the supply of qualified teachers”.

- Please indicate the measures taken to improve the teaching and working conditions of education personnel, especially teaching staff at all levels and regarding the training for the teaching profession (several items may be ticked):

- ☐ Teacher training is provided without discrimination.
- ☐ Teachers’ average salaries are competitive or at least comparable to those paid in other professions requiring similar or equivalent qualifications (at all levels).
- ☒ Initial training and continuous professional development are provided.
- ☐ Minimum standards and qualifications required for the teaching profession.
- ☐ Measures taken to strengthen the social status and attractiveness of the teaching profession.
- ☐ Measures taken to promote diversity in the teaching workforce, including to redress gender imbalances at different levels of education.
- ☐ Establishment of performance monitoring systems.
- ☐ Measures taken to increase women in leadership positions in education.
- ☐ Other:

- Please elaborate on each of the measures taken:

The Ministry of Education, Arts and Culture is currently busy with the development of an Act to regulate the teaching profession in order to ensure accountability of teachers and professional development. This will lead to performance monitoring systems, strengthening the social status of teaching profession and minimum standards required for entering into the teaching profession

- What challenges were encountered in the education personnel?

- ☒ Shortages of teaching staff
 - ☒ Lack of qualified, trained and motivated teaching staff
 - ☐ Lack of training centres
 - ☐ Other:
- o Low quality educational infrastructure and materials
 - x High student – teacher ratio

- Please elaborate. Brief quantitative information may be added.

There is an oversupply of teachers in some areas, particularly in the Junior Primary phase. However in the Secondary phase there is a shortage of teachers in certain areas like mathematics, chemistry, physics etc. There is also a challenge in qualified teachers in medium of instruction and mother tongue instructions. There are also challenges in materials and resources for African Languages.

3.3 Respect for human rights and fundamental freedoms

For reference: Article/Paragraph 5(1)(a) of the Convention/Recommendation provides for the respect for human rights and fundamental freedoms. This is covered under SDG target 4.7.³² Please note that this section contributes to the general monitoring of Article/Paragraph 5(1)(a) of the Convention/Recommendation and that the future consultation on the 1974 Recommendation concerning Education for International Understanding, Co-operation and Peace and Education relating to Human Rights and Fundamental Freedoms // 2023 Recommendation on [...] will be used specifically for monitoring SDG4 indicator 4.7.1.

- Please indicate the national efforts taken in directing education to the full development of the human personality and the strengthening of respect for human rights and fundamental freedoms (several items may be ticked):

- ☒ Curriculum includes human rights education.
- ☒ Educational and/or extracurricular activities are organized on human rights education.
- ☐ Other:

- Please elaborate on each of the measures taken:

Human rights education is a cross curricular issue, so it is taught in various subjects.

3.4 Non-state actors in education

³²

Which calls on states to “ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture’s contribution to sustainable development”.

For reference: Articles/Paragraphs 2(c) and 5(1)(b) of the Convention/Recommendation provide for non-state education provision³³.

- Please indicate the measures taken to ensure the provision of quality non-state education (several items may be ticked):

☒ Legal provisions prohibiting discrimination on the grounds listed by the Convention/Recommendation³⁴ explicitly apply to non-state educational institutions. Please specify:

Basic Education Act, Act No 3 of 2020

Policies aim to guarantee that the development of non-state education does not generate discrimination and that non-state actors offer a relevant alternative (without supplanting public education). Please specify:

☒ Legal provisions provide for the rights of the parents /legal guardians for providing religious and moral education for their children. Please specify:

Basic Education Act 2020. No. 3 of 2020, Constitution of Namibia

☒ Legal or regulatory framework lays out the conditions and minimum education standards for the establishment and functioning of non-state educational institutions. Please specify what is covered:

X Registration

X State monitoring and inspections

X Qualifications of teachers

X Health and sanitation

X Safety (children learn in a safe environment free from violence or harassment, including school-related gender-based violence (in and around schools)

X Infrastructure

X Curriculum

☐ Student-teacher ratio

☐ School fees

X School closures

☐ Other

³³ Private, faith-based, NGOs, community actors.

³⁴ See: Article/Paragraph 1(1).

- Please elaborate:

Private schools are subject to the laws of the land and as such must comply with the standards as set out in the ACT.

- What challenges were encountered in non-state education provision?

- | | |
|---|---|
| ☐ Low quality educational infrastructure and materials | ☐ Issues in terms of equity and inclusion |
| ☐ Low number of professionally trained teachers | ☐ Weak government regulatory and monitoring capacity |
| ☐ High student – teacher ratio | |
| ☐ Other: | |

- Please elaborate. Brief quantitative information may be added.

There used to be challenges with regulatory and monitoring capacity, but the promulgation of the new act in 2023 allows for more oversight into the operations of private schools to ensure that they adhere to the policies of the land.

3.5 Digital education

Digital education is both an opportunity for enhancing access but also can lead to challenges in terms of quality education and inclusion³⁵.

- Please indicate the measures taken to ensure the provision of quality digital education (several items may be ticked):

- ☐ Digital technology use in education is provided for in the legal framework.

Please indicate the relevant text and provisions:

There is only a draft ICT Policy

☐ Core legislations, policies, strategies or plans for the management, privacy, security, storage, transfer, use, and sharing of education data internally and externally to ensure the right to privacy of learners and education stakeholders (e.g., informed consent, transparent usage policies, etc.)

☐ Regulatory framework establishes minimum education standards for digital education to which all actors in education must comply.

³⁵ Please see General Comment No. 25 (2021) of the Committee on the Rights of the Child which covers children's right to education in relation to the digital environment.

☐ Measures to remove barriers to accessing digital content³⁶, including ensuring access to curriculum-aligned digital content available on free, public, multi-modal national platforms; high-quality content is available in core subjects, official national language(s), and designed with inclusive features to assist learners with disabilities.

☒ Digital skills incorporated into pre- and in-service teacher and leadership training curricula to create a culture of digital innovation and growth anchored in equity and inclusion that enables ongoing professional development for existing and emerging staff.

☐ Future-ready skills (including digital skills, data and AI competencies, critical thinking, etc.) integrated into formal curriculum at all levels of education

☒ Measures address the digital divide, including ensuring access to reliable electricity, meaningful internet connectivity at school and at home, devices suitable for learning and teaching, safe and sustainable software and secure platforms, and integrated education data systems.

☐ A well-established, sustainable, and cost-effective budget secured from a range of funding sources and intersectoral cooperation, supported by impact focused reporting linked to regional strategic goals.

- Please elaborate on each of the measures taken:

The Ministry has a cabinet approved Project Charter of which one of the key outcomes is digitisation of education, this is also part of the strategic priorities of the Ministry. We are engage in the GIGA project in order to strengthen connectivity across the country and also engaging with various stakeholders to fund digital schools. A dedicated budget is also set aside to increase access to digital technology.

- What challenges were encountered in digital education provision (check all that apply)?

☒ Lack of quality, curriculum-aligned digital teaching and learning content that supports flexible learning and teaching pathways

☒ Lack of equity and inclusion in digital learning solutions

☐ inadequate safety measures and IT support to respond to issues of child online safety or reduce cyber security risks

☐ Other:

☒ Limited access to internet and/or electricity

☒ Limited access to hardware (devices, chargers, etc.)

☒ Difficulty in regulating the use of digital education solutions

☒ Difficulty in sustainably financing digital education solutions at national scale

☒ Lack of digital skills development for meaningful use of digital technology in teaching practice

☐ Disjointed or fragmented solutions that are not centrally systematized or regulated

- Please elaborate. Brief quantitative information may be added.

4 Strengthening governance systems

For reference: The Education 2030 Framework for Action states "to ensure quality education and conditions for effective education outcomes, governments should strengthen education systems by instituting and improving appropriate, effective and inclusive governance and accountability mechanisms; quality assurance; management information systems; transparent and effective financing procedures and mechanisms; and institutional management arrangements, as well as ensure that robust, timely and accessible data are available" (para. 18).

- Please indicate the measures taken in terms of governance (several items may be ticked):

☒ Monitoring mechanisms to assess compliance with the right to education obligations, including through management information systems.

☒ Monitoring results are made public. Please provide the link:

www.moe.gov.na/EMIS

☐ Monitoring processes are participatory, inclusive and regular.

☐ Sector-wide and multisector approach is adopted to education governance.

☒ Financial resources are effectively allocated to prioritise the provision of free, quality, public education and are adequately budgeted for in government plans.

☒ The decision-making process for the allocation of resources to education is transparent.

☐ Ensuring crisis-sensitive and disaster risk-informed planning and programming, including the provision of quality education in emergencies.

☐ There is a certain degree of decentralization in favour of local public authorities and autonomy for schools to ensure context relevance of their teaching.

- Please elaborate on each of the measures taken:

The Ministry has the Education Management Information System, which collects data annually on various elements. We also have the National Standards and Performance Indicators, which is a quality assurance tool used to quality assure various elements of teaching and learning including infrastructure, community engagement, school as a social unit. The document is under review and will be used to do more regular assesion through national team and regional teams.

- What challenges were encountered in terms of governance?

- | | |
|--|--|
| ☒ Budgetary constraints | ☐ Absence of supportive/ inconsistent/obsolete legal and policy environment |
| ☐ Lack of involvement of relevant stakeholders and lack of cooperation/coordination at different levels | ☒ Lack or weakness of monitoring systems – including the lack of reliable data |
| ☐ Poor dialogue with teachers' trade unions | |
| ☐ Other: | |

- Please elaborate. Brief quantitative information may be added.

III. Methods used to draw the attention of the various authorities in the country to the instruments

For reference: UNESCO governing bodies have underlined the need for awareness raising. Given the importance of normative action at the national level, wide dissemination of the Convention must be ensured, with the support of National Commissions for UNESCO.

- Have activities been carried out to draw the attention of the various authorities of the country to the Convention/Recommendation and their provisions about the right to education and to raise awareness of the principles of non-discrimination and equality of educational opportunities? (Several items may be ticked)

- ☐ Translation of the Convention/Recommendation into the national and possibly local languages
- ☐ Dissemination and advocacy of the core content of the Convention/Recommendation or the core principles of the right to education including through appropriate materials and resources
- ☐ Activities undertaken or supported by the National Commission to promote non-discrimination and equality of educational opportunities and to foster debate on critical issues in relation to the rights enshrined in the instruments
- ☐ Other:

Printed on recycled paper
