Questionnaire

A. Laws and policies (preamble and paras 4 and 7 of *the 1947 Recommendation*)

A1a. Please describe any specific national or sub-national laws, legislation or legal framework (s) in your country that govern the promotion of global citizenship education (GCED) and/or education for sustainable development (ESD). Explain whether GCED and/or ESD themes are mentioned explicitly or are inferred and what types or levels of education are covered.

1. The National Education Law (2014) recognizes the right of all citizens to education, and in particular free, compulsory primary education. The law also mandates the establishment of an education quality assurance system; extends the basic education system to 13 years (including a Kindergarten year); allows for the learning of nationalities' languages and culture, and the use of nationalities' languages as a classroom language; provides a definition of, as well as a commitment to, inclusive education and commits to a decentralized education system.
2. The National Education law was promulgated in 2014 and amended in 2015" and Article 4 in 2015 amended law states that: (f) Having the inclusive education including special education scheme and special education services for those who are lack of any opportunity to learn for any reason including school age child, youth and the disabled in order to have right to education: and (g) Every citizen shall have the right to education and opportunities for life-long learning shall be created.
3. The Basic Education Law was promulgated in 2019.
4. The Ministry of Education (MOE) has undertaken a three-and-a-half-year Comprehensive Education Sector Review (CESR) involving three phases: a rapid assessment (Phase 1); in-depth research and analysis of critical sub-sector challenges (Phase 2); and drafting and building ownership for an evidence-based and costed National Education Strategic Plan (NESP) for the period 2016–21(Phase 3). The NESP (2016-2021) has provided the government, education stakeholders and citizens with a 'roadmap' for sector-wide education reforms over the next five years that dramatically improve access to quality education for students at all levels of the national education system.
5. By the end of the 2020-21 fiscal year the MOE has been committed to achieving the NESP goal statement: **Improved teaching and learning, vocational education**

and training, research and innovation leading to measurable improvements in student achievement in all schools and educational institutions. The MOE has identified nine Transformational Shifts that collectively contribute to the achievement of the NESP goal. In NESP (2016-21), Education for Sustainable Development (ESD) and Global Citizenship Education (GCED) has been integrated.

A1b. Please provide the full names of any laws, legislation or legal frameworks referred to in A1a and where possible, web links to relevant documents.

B. Curriculum (paras 4 and 10-10 of the *1947 Recommendation*)

B1a. Please describe in which ways GCED and ESD are mainstreamed in school curricula. Indicate whether topics are taught as standalone subjects or are integrated into the curricula of other subjects. Explain whether GCED and/or ESD themes are mentioned explicit or are inferred and what types or levels of education are covered.

The GCED and ESD are implemented as cross-curricula approach and integrated approach in Basic Education curriculum, Non-formal education, TVET and Higher Education Curriculum. Some subjects of Department of Higher Education are Standalone curricula. GCED and/or ESD themes are inferred at all level of education.

B1b. Please provide examples of curricula in which GCED and/or ESD are mainstreamed and, where possible, web links to relevant documents.

Examples of curricula; In primary and secondary curricula, the GCED and/or ESD are mainstreamed. <http://mdep.moe.edu.mm>

In Tertiary Education, examples are as follows,

C. Teacher education (including the training of trainers and educators) (paras 4 and 33-37 of the *1947 Recommendation*)

C1a. Please describe in which ways GCED and ESD are mainstreamed in initial training and in continuing professional development of teachers, trainers and educators. Indicate whether all teachers, trainers and educators or only some are required to receive training to teach GCED and/or ESD.

GCED and ESD are integrated in the new curricula of Teacher Education: 21st century skills, Education for peace and sustainable development (EPSD), Leadership, Management. All teacher educators are required to receive training to teach GCED and/or ESD.

C1b. Please provide examples of teacher training policies or curricula in which GCED and/ or ESD are mainstreamed and, where possible, web links to relevant documents. If possible, include examples related to initial training and to continuing professional development.

Teacher Competency Standards Framework (TCSF) has been developed and introduced to teacher educators and in – service Basic teachers in 2019.

Continuous Professional Development (CPD) has been developed and training programmes are being conducted for pre- service and in-service teachers in (25) Education Degree Colleges, Department of Higher Education, Ministry of Education.

***C2.** Please indicate whether teachers, trainers and educators are trained to teach GCED and ESD during initial or pre-service training and/or through continuing professional development. Please enter the appropriate number in each white cell.

D. Student assessment (paras 4 and 5 of the 1974 Recommendation)

D1a. Please describe in which ways GCED and ESD are covered in student assessments and examinations. Indicate whether students are assessed only on their knowledge of and skills related to the topics being tested or also on their values, attitudes and/or behaviors.

In primary and secondary education, GCED and ESD are integrated in life skills and moral and civics subjects, which are core-curriculum, and they are assessed through homework and assignments. Values, attitudes and behaviours are also integrated in the arts and social science subjects and are tested in the examinations.

In tertiary education, GCED and ESD are integrated in Aspects of Myanmar, the compulsory elective module and tested in the examination.

In teacher education, GCED and ESD are integrated in curriculum.

***D2** Please indicate whether the GCED and ESD themes below are generally included in student assessments or examinations at each level of education by entering the appropriate number in each white cell.

E. Mainstreaming of GCED and ESD in laws and policies, curricula, teacher education and student assessment (paras 4-5, 7, 10-19 and 33-37 of the 1974 Recommendation)

***E1** Based on your responses to questions in the previous four sections (laws and policies, curricula, teacher education and student assessment) please indicate to what extent global citizenship education (GCED) and education for sustainable development (ESD) are mainstreamed in (a) education laws and policies, (b) curricula (c) teacher education (Including the training of trainers and educators) and (d) student assessment in your country. Please enter the appropriate number in each white cell in the table below.

KEY:

- 0 Not at all** GCED and ESD are not mainstreamed
- 1 Partially** Some GCED and/or ESD themes are mainstreamed. Select this option if GCED is mainstreamed but ESD is not (or vice versa).
- 2 Extensively** Most GCED and ESD themes are mainstreamed.
- 9 Not known** It is not known whether GCED & ESD are mainstreamed or not.
- 99 Not applicable** The given level of government does not have responsibility for the given component (policies, curricula, teacher education or student assessment) and/or does not have responsibility for the given level or type of education. This may occur at the national level in federal countries where education is the responsibility of individual states or at the sub-national level in small countries where there is only one level of government.

F. Technical and vocational education and training (paras 25-29 of the 1974 Recommendation)

F1 Please describe any major initiatives that have been undertaken to promote GCED and/or ESD in technical and vocational education and training. Describe briefly the outcomes and impact of such initiatives and provide examples of good practices.

Implementation in Rakhine State by the Department of Technical and Vocational Education and Training

In order to access to vocational education, the Department of Technical and Vocational Education and Training offers the formal courses for local people in Rakhine State without the discrimination of ethnic/religion and gender. Courses in the field of Engineering as well as the short-term vocational courses are also offered at the Government Technical Institute (Thandwe), Government Technical Institute (Kyauk Phyu) and Government Technical High School (Sittway) to meet the needs of the region.

Government Technical High School (Sittway) in cooperation with ILO offered the Basic Welding Course, Brick Laying Course and Household Wiring Course from (19-1-2018) to (30-1-2018) and 62 students joined the courses. In Maungdaw, Motorcycle Repair Course was opened from (27-8-2018) to (7-9-2018) and (20) students joined the course. Basic Welding Course and Brick Laying Course were offered from (20-8-2018) to (31-8-2018) and a total of (40) students joined the course. In cooperation with Government Technical High School (Sittway) and NRC based in Norway, Basic Welding Course, Brick Laying Course and Household Wiring Course were offered at the Buthitaung starting from (2-9-2019) to (11-9-2019). A total student of 60 students attended the course. In Maungdaw, Basic Welding Course, Brick Laying Course and Household Wiring Course were offered from (16-9-2019) to (25-9-2019). A total of 60 students attended the course.

G. Adult education (para 30 of the 1974 Recommendation)

G1 Please describe any major initiatives that have been undertaken to promote GCED and/or ESD in adult education and other forms of non-formal education including youth education, out-of-school education, etc. Describe briefly the outcomes and impact of such initiatives and provide examples of good practices.

- In order to promote GCED and/or ESD in adult education and other forms of non-formal education, critical thinking and analytical thinking and skills are developed.
- Outcomes and Impacts are understanding the interdependence of other countries, natural resources, alternative features and sustainable Communities.

H. Research and International Co-operation (paras 41-45 of the 1974 Recommendation)

H1 Please describe what kinds of research or experimentation have been carried out to improve the implementation of GCED and/or ESD. Describe briefly how the results of such activities have influenced education policies, curricula and/or teaching practices.

Dagon University, Mandalay University and East Yangon University have been implementing the project "Denmark Myanmar Program on Rule of Law and Human Rights" under the Denmark- Myanmar Country Program (2016-2020). Validation seminars and workshops on TCSF and CPD Framework for Teacher Educators and student teachers were held in all Education Degree Colleges in the 2019-2020 Academic Year. Such activities have impact on the curricula and/or teaching practices.

H2 Please indicate which types of activities are available that promote international cooperation at each level of education by entering the appropriate number in each white cell. **KEY: 0=no, 1=yes, 9=unknown**

	Pre- primary	Primary and secondary	Tertiary	Non- formal education

I. Any other comments

I1 Please indicate whether your country has faced any constraints, in particular related to global or national crises, including natural disasters, in implementing the 1974 Recommendation during the reporting period.

We have faced constraints such as financial and human resource constraints due to COVID-19 pandemic and natural disasters like storms and floods.

I2 Please provide any other relevant information or clarifications regarding the Implementation of the 1974 Recommendation or the mainstreaming of GCED and ESD in your country's education system.

In Myanmar, we have been implementing the National Education Strategies Plan -NESP (2016-2021) with nine transformational shifts including the Education Sustainable Development (ESD) in line with SDG-4.

The KG+12 new education system was launched in the 2016-17 academic year and KG, Grade-1, Grade-2, Grade-3, Grade-4, Grade-6, Grade-7 and Grade-10 new Basic Education curriculum have been implemented.

The 21st century skills and global citizenship themes were integrated in the new Basic Education curriculum.

The Ministry of Education has established the Myanmar Digital Education Platform (MDEP) for providing self-learning opportunities for teachers and students during the COVID 19 pandemic period.

The National Education Strategic Plan (2016-2021) have been developed and nine transformational shifts are being implemented to make significant advancement towards achievement of GCED and ESD. They have been integrated in the basic education curriculum and teacher education curriculum. However, GCED and ESD need to be integrated more in higher education curricula, especially in science, technology, engineering and mathematics curricula.
